## CHICAGO AIMS TO EAT UP SUBURBS

**Scheme Would Tax Farms  
for Chicago's Totter-  
ing Misrule**

## COUNTRY TOWNS FIGHT FOR LIFE

**Start Organization, Will  
Wage Campaign Against  
Deep Laid Plan**

By T. C. HART

If any think that the country towns of Cook county are going to sit idly by and be absorbed by any Metropolitan Area of Chicago, they would have seen that they had another guess coming, if they had been present at a meeting of country towns representatives at Oak Park Municipal building on Nov. 22.

The meeting was called for the purpose of perfecting a permanent organization of the Cook county country towns for the purpose of fighting the proposed metropolitan area of Chicago plan which was introduced in a bill before the state legislature last January.

That bill provided for the creation of "The Metropolitan Area of Chicago." In other words it scooped all of Cook county into a new municipal corporation and turned the management of this proposed new corporation over to a board of five members, three to be elected by Chicago and two by the country towns.

The Mayor of Chicago and the president of the County Board would, by virtue of their offices, be ex-officio members of the new governing body which would make in reality five members from Chicago and two from the country towns.

This proposed metropolitan area would have the power to absorb most of the present governing units in the country towns and would have almost unlimited powers of taxation.

It was pointed out by some of the speakers that the people behind this plan are Chicagoans, that Chicago has been taxed to death and that the hungry tax spenders of the big city, finding that new taxes cannot be levied against Chicago, are reaching out in an effort to grab most of the new and fertile fields of the country towns and the farms, where taxes as compared to Chicago, have been comparatively low.

The slogan of the persons who are trying to swallow the country towns is, "Centralized government and the abolishment of overlapping taxing bodies." The slogan of the persons who are trying to swallow the country towns is, "Centralized government and the abolishment of overlapping taxing bodies."

The slogan of the persons who are trying to swallow the country towns is, "Centralized government and the abolishment of overlapping taxing bodies."

State representative Frank Foster, who addressed the meeting, pointed out the fact that the promoters of the Metropolitan Area idea present only one side of the picture in their arguments in the press and before civic organizations whom they are trying to have endorse their idea, and that is their side. No defense is ever made for the country towns, and Mr. Foster urged the country towns to present their side of the story to the public and to head off a flood of endorsements of the plan, with which the promoters hope to impress the legislature. Mr. Foster said that the bill which had been introduced was dead, but that another bill, or bills of a like nature, might be expected at the next regular session of the legislature in January. It could be plainly seen from the remarks of the speakers that a persistent and determined effort is being made and will be made to gobble up the governments of the country towns into some sort of metropolitan area as greater Chicago idea.

Must Unite and Fight

And it was also plain that if the country towns of Cook county are to retain their freedom and their independence, they have got to organize into a militant fighting unit which will have for its purpose the preservation of the governments of the country towns and the independence of their people.

The formation of such a fighting unit was assured at the Oak Park meeting, and a future meeting of mayors and village presidents, together with Farm Bureau leaders and other country town leaders will further perfect the country towns organization.

The country towns face a serious situation, with college professors and theorists banding with a tax hungry ring of powerful interests to take some of the burdens off the shoulders and load it on to the country towns.

The whole scheming proposition is being done behind a smoke screen of economy and centraliza-

## Winner of Car Makes Big Gift To Relief Work

Edward Heimsoth, janitor of the South Side school in Arlington Heights and winner of the Rockne car in Saturday's merchants' drawing for prizes, has given a \$50 tax anticipation warrant to the Arlington Heights Relief committee, as a token of appreciation of receiving the car. (He, like the teachers, gets no cash for his services, but only tax warrants.)

Everybody at the South School is delighted that he got the car, as Mr. Heimsoth is so good to the children and so obliging to everyone. About every child has asked him for the first ride, and he says he guesses he will have to give everybody in town a ride.

The way he got the ticket that won the car, was that he had had his former car, of ancient build, in Dahm's garage for repairs. The job finished, he got 100 tickets, the lucky one included.

Before he opened his envelope the other night, one child called out, "Heime, will you give me 'Chuck a Chuck Chuck' if you win?"

## CHRISTMAS SEAL SALE IS NOW ON

**Indispensable Services to  
Community Merit Sup-  
port of All**

The annual Christmas Seal sale is on in Arlington Heights. Although officially sponsored by the Chicago Tuberculosis Institute, throughout the metropolitan area, the Arlington Heights Public Health committee, of which Mr. William Bockmeyer is chairman, is sponsoring the sale locally. Of the subcommittee on the present campaign, Mrs. John Allen is chairman and Mr. Arthur McElhose treasurer.

Sixth grade pupils are aiding in the sale of seals from house to house. Health "Bonds" in larger denominations will be sold by the adult committee.

The proceeds of the sale go toward the maintenance of the indispensable service of the community nurse, Miss Martha Jackson, whose services to this community are manifold.

Let any newcomers are not fully acquainted with the services promoted or maintained through the community nurse, these are briefly cited:

School nursing; school health projects; promotion of the Dental Clinic, now an established fact; following up of contagion.

Public Health nursing; relief work in homes, particularly for the babies and children; distribution of clothing in needy homes.

Infant Welfare Clinic, held monthly.

Many other services incidental to the above. Those who are acquainted with the local nurse find that the spirit in which she works is no small element in the essential benefits which this community receives.

Giving toward this worthy cause is an opportunity to all to share in this good work.

**New L. & O. Funeral  
Home to be Opened  
Sat., Sun., Dec. 10-11**

The new Lauterburg-Oehler Funeral Home, 105 Campbell street, Arlington Heights, will be opened for inspection Saturday evening, Dec. 10. The entire building has been thoroughly remodeled, using both first and second floors for the funeral service. The outside has been beautified with shrubs and plants.

On Sunday afternoon, Dec. 11, the public will be invited to attend a sacred concert given by the soloists of the Lauterburg and Oehler firm.

**Trap and Target Shoot**

A Trap and Target Shoot will be held Sunday, Dec. 4 and 11 at Schulze Bros., Bensenville, Ill. Devan Ave. and York St. (12-9)

tion talk which makes the thing appear different than it really is; and the country towns of Cook county face a long and bitter battle if they are to retain their freedom and their individuality. We hope to see the new country towns organization equipped with a competent press bureau, to lay before the newspapers the country towns' side of the story; and with a speaker's bureau which will follow up the proponents of the metropolitan plan when they appear before civic organizations and tell to those same organizations the story of the country towns and the farms.

There is just one thing that will save the country towns: Fight, and then more fight.

## BUILDING AND LOAN ASS'N AT ARLINGTON

**State License Issued for  
Organization; Stock  
Subscriptions Next**

The Northwest Building and Loan Association, Arlington Heights, Illinois, will soon be accomplished fact, according to C. M. Foreman of Drury Lane, Stonegate. Mr. Foreman with nine other Arlington Heights citizens, some time ago petitioned the Secretary of State for a permit to form such an organization. The permit has been received and subscriptions to stock can now be received.

The men named in the state license as organizers of the association are George Hartford, C. M. Foreman, W. R. Brockmeyer, L. F. Biederman, Clayton A. Smith, W. F. Sieburg, W. A. Miles, F. W. Louwerse, C. E. Michael, and Henry F. Muller.

Building and loan associations have long been recognized as a sound way in which an individual can save money and finance his home. There were a great many of them throughout the state until recent years, when the great wave of easy money enabled any person to buy a home without even the bother of saving money. The return to normalcy and common sense finance for those who are making an honest effort to own their own home and who desire ample and safe protection for their savings has again brought building and loan associations to the fore.

Nearly half of the necessary stock subscriptions to the local organization have been voluntarily given and there is every reason to believe that the association will receive its charter within the next few weeks.

The Herald understands that any of the above named gentlemen will be pleased to answer any questions from those who desire to know the details and manner of operating a building and loan association.

## Rare Concert For Relief Work Coming Dec. 13

An excellent concert, probably with scenes in costume from operas, is to be given for local relief Tuesday evening, Dec. 13, in the Arlington Heights High School auditorium, by the Metropolitan Concert company, under the auspices of the Lions Club.

The programs of this group of four superior professional vocalists, with brilliant accompanist, include "The Kitchen Scene" from "Martha," "The Spinning Wheel Quartet," "The Last Rose of Summer," "The Midnight Quartet," and others of like popularity and charm. The company has traveled widely, and been acclaimed for their excellent work. A few weeks ago they gave a brief program, without costume, before the Lions, and it was altogether above the ordinary; the Lions even rose to their feet as a man, in their hearty applause.

The personnel are Winifred Goodman, soprano; Virginia Ayer, contralto; William Davies, tenor and director; Carl von Buskirk, bass; and Marie Adolph, pianist.

Whether one is a critical musician, or one that just enjoys music and fine entertainment given heartily and sincerely, without analyzing it, an evening with the Metropolitan Concert company will be well spent. A program will appear in the next issue of this paper, and particulars regarding tickets. And remember, the money goes to the Arlington Heights Relief committee, which finds great need for extending aid especially to the children of the many needy families.

Dr. H. G. Dunn is president of the Lions.

**James Goddard to Sing  
at Farm Bureau Meet**

While calling on Farm Adviser O. G. Barrett Tuesday morning, the mail arrived, with a letter from a friend of his, Mr. James Goddard, whom farmers have heard sing at the Illinois Agricultural Association annual meeting, and whom many others have heard sing over WLS. This letter advises Mr. Barrett that he will be pleased to accept his invitation at the annual meeting of the Cook County Farm Bureau at La Grange Masonic Temple, Dec. 10.

**TRUCK GARDENER'S  
MEETING**

Cook County Truck Gardeners and Farmers association, Local No. 11, will hold their annual meeting Tuesday, Dec. 13, 1932, 2 p. m. at village hall of Arlington Heights. Mr. Gieseke and Mr. Steil will be present.

George F. Meyer, Pres. Henry Metz, Secretary.

**DEPOSITORS NOTICE**

The last day to file claims with the Peoples State Bank in Arlington Heights is Dec. 15.

## Mrs. Pinney 92 Yrs., Oldest Resident In Northwestern Cook County Passes Away

Mrs. Calinda Pinney, nee Cady, 92 years old, the first white child born in northwestern Cook county, was laid to rest Monday afternoon at Hillside cemetery. Palatine, beside the remains of her husband, who was 90 years old, at the time of his death Oct. 24, 1920. Mrs. Pinney's parents, Ezekiah and Adeline Cady, came from New York in 1837, and settled at Deer Grove, the only family, except one between Chicago and Dundee. Establishing his family upon a knoll north of the present Dist. 17 school house on Elia road, Mr. Cady erected a bark shelter for his family, while he returned to Chicago for flour and other supplies. While he was gone, a storm came up, blew down the shelter that had been erected between trees. Mrs. Cady kept a burning candle beneath her coat so that they would be able to start a fire when the storm stopped. Their first home was a log cabin. Indians were frequent visitors. As reports were sent back to New York state other pioneers came west and it was not long before there were many neighbors.

It was amidst such surroundings, on August 17, 1838, that Calinda Cady was born, a year after her parents had come west. She received her schooling and religious training in a log house.

She was one of a family of ten children. The Cady cemetery was started when an infant in the family died.

When only a young girl she made the acquaintance of a big strapping young man, engaging in the construction of the Northwestern railroad, and also of pioneer stock. In the meantime, her parents had pressed their vest into Iowa and there on Oct. 13, 1853 this man went to Iowa where he married Miss Calinda Cady.

They returned to Deer Grove, where Mr. Pinney purchased a farm, upon which the family resided until removal to the Village of Palatine in 1883. Mr. and Mrs. Pinney had charge of the Dunning Institute four years.

Five children were born, only one of whom, Miss Addie Pinney survives. There are a number of grandchildren and great grand children.

Mrs. Pinney might be possessed of a seemingly frail body, but she possessed a rugged constitution. Even when nearly 85 years old, she fractured a hip and was able to again be about with the aid of a cane. During recent years, she had been often indisposed and ill, but always recovered, possessing until the end a clear mind. As late as a week before her death, she was able to greet her friends and relatives.

Death came Friday evening Nov. 27th. The funeral was held in the home Monday afternoon, Rev. Pollock, a former pastor of the Palatine M. E. church and a close friend of the deceased officiated.

## Minstrel Show At High School This Thursday

A black face minstrel show, "Sing Along," will be given in the Arlington Heights High School auditorium Thursday night this week by eighth grade boys under the direction of Miss Fern Lorenzen. Those who have attended former programs, including a minstrel, staged under Miss Lorenzen's able coaching, know it will be worth seeing and hearing.

A mixed program of minstrel numbers will make up Part One. Part Two will be an elaborate stage show entitled "Queen Cleopatra's Court."

The cast of characters was in this paper last week. The proceeds go toward financing the athletic activities of the school. Admission is 35 cents for adults, 20 cents for children.

## State Police Returns Car Before Owner Knows That It Was Stolen

You can get out a piece of wood and knock on it, but there has not been a bandit case northwest of DesPlaines in months. The establishment of the state police headquarters at DesPlaines and the continued patrolling and activity of the state police in that district seems to have kept out the bad men. It even discourages auto thieves when police officers are so efficient that they return the auto before the owner discovers that his car has been stolen.

The owner is W. C. Sanders, DesPlaines. The officers who returned the car are F. Teske and Dan Brandis. They were on their way home, off duty, last Friday when they noticed a suspicious car between DesPlaines and Park Ridge. They investigated, looked up the license number and phoned Mr. Sander that they had his car. He explained that his car was not stolen, that his wife had it in Cumberland, where she was visiting a friend. It was some time before Mr. Sander received a tearful message from his wife that the car had disappeared. He came to the station, identified the car and after profusely thanking the officers for the interest they had shown, returned the car to his own garage.

## Palatine Business Men to Get Acquainted With Each Others Wives?

The business men of Palatine with their wives enjoyed a card party and social evening at the Catholic Church hall Wednesday evening. It was purely a social affair, and as secretary Wm. Bockelman explained it, "we want to give the business men of Palatine the opportunity to get acquainted with the wives of the other business men. There are a number of new business men in town, who are making the acquaintance of other business men leaving their wives to their own resources. We are one big family and the silent partners of all the business places have a few rights that the business men's association mean to recognize. This is the first of similar meetings."

Mr. Bockelman says that he is personally offering a prize for the business man who can call by first name the most number of wives present that evening.

## Mrs. Sewell to Speak To Country Women

Country women of Cook county will be very pleased to learn that at the Farm Bureau annual meeting at La Grange Dec. 10, Mrs. Sewell of the American Farm Bureau Federation, is to conduct the Women's division this year. The women, as well as the men, will meet at the Masonic Temple.

## SEEK TO FIND SOME MONEY FOR TEACHERS

**Tough Christmas Looms  
Unless Some Will Buy  
Tax Warrants**

Mr. Bruce Jarvis, 303 E. Hawthorne street, Arlington Heights, has accepted the chairmanship of the committee of the local Parent-Teacher association to cooperate with the membership and the Board of Education in an endeavor to sell 1932 tax anticipation warrants; the receipts of which to be used exclusively for the payment of teachers' salaries.

Letters have been sent into the homes of all the patrons of the public schools, and a very close follow-up will be made of the results indicated by the return of the letters.

Although the law allows the issuance of many more 1931 warrants than the Board of Education has issued, its members feel that with the tax situation as it is, it is fair to all concerned to begin the issuance of 1932 warrants, none of which had been issued up to this time.

The situation under which the teachers of Arlington Heights Public Schools are endeavoring to work, are described as "awful." But it is hoped that subscriptions can be obtained so that a small amount of cash will be available before Christmas.

## BYRD ASKS REDUCTION IN UTILITY RATES

**County Board Bill Asks  
Governor to Act**

Immediate action by the Illinois Commerce commission toward reduction of gas, electric, and telephone rates was demanded Monday in a resolution presented to the county board by Commissioner Homer J. Byrd. The resolution petitions Gov. Emmerson to insist that preliminary measures be undertaken by the commission.

Present rates should be reduced to conform with the new standard of living and the cost and value of service with a fair return to the utility companies, Commissioner Byrd said. He pointed out that, through wages, salaries, rents, and prices have declined, the cost of public utility service has not been reduced.

**Attacks Suburban Rates**

The commerce commission was charged with failure to assume the responsibility of protecting the public against exorbitant rates. The commission has the power to "examine public utilities and keep informed as to the general condition" under legislative enactments.

"It is claimed that rates charged in that part of Cook county lying outside the city for gas, electric, and telephone service are far in excess of the rates for consumers in the city and exceed reasonable cost of value of the service," the resolution said.

Commissioner Amelia Sears congratulated Commissioner Byrd for performing "a real service" to his constituents. Other commissioners joined in support of the resolution, which will be discussed at the next meeting—Chicago Tribune.

Mr. Byrd has received a deluge of letters from prominent men and associations as well as private individuals, complimenting him upon his action. He stated to the Herald this week that he would be glad to receive suggestions regarding exorbitant charges. "An effort will be made," said Byrd, "to get the cooperation of all of the municipalities in demanding a reduction. I have been working upon this matter the last few months, but withheld action until after election as it is a matter that should not get mixed up with politics."

## Use Only One Track In Order to Save Coal

Commuters on the North Western are now boarding all Chicago bound trains from the depot platform in place of the center track. A recent finding that it could save a ton of coal every morning if it did not build a fire in the waiting room on the center track. Travel is not so great or trains so numerous that the one track is not ample.

## COUPON SALE SHOWS MORE "BEST" BARGAINS

The Hagenbrink 5c to \$1 Store, Arlington Heights is offering another Coupon Sale this week-end. There are some more of those unusual bargains that were obtained by Mr. Hagenbrink on goods bought early in the fall when he was on his trip south. The full list of "buys" are shown in half page advertisement on page six.

## Health Warning NOTICE TO ALL SCHOOLS OF WHEELING TOWNSHIP

A few cases of diphtheria have developed in some school of Wheeling township. All children in those grades and room were inspected to prevent the spreading of that disease and the entire school was fumigated. It would be very advisable if the teachers notice children out of school or not feeling well, make an inquiry why the child is absent and have them consult a doctor at once, so this dreadful disease does not spread.

CHARLES F. GRANDT,  
Supervisor of Wheeling Township.

## POINT WAY TO RETURN TO PROSPERITY

**Let Country Folks Have  
Spending Money, and  
Business Will Hum**

Why is business now what you hear them say it is? What has become of the normal and possible buying power of tens of millions of agriculturists and people living in villages of 3500 and under, which buying power leading economists have put at high figures, up to 60 per cent of total normal buying power of the people? How much present buying power has an average farmer in the middle west who gets \$3 an acre gross income for his out crop, or \$4 an acre for his corn crop, or 2 1/2 cents a pound for his hogs, and all his expenses and overhead towering above his income, his taxes, even outside the Chicago area, being \$2 to \$2.50 an acre?

"It seems evident, therefore, to many thinking minds that this condition must be remedied in some way or other. Either the returns to the farmers must be increased, or we must undertake the larger job of reducing their expenses, lowering the taxes, utility rates, interest, manufactured goods of all kinds; as a matter of fact, a reduced standard all along the line."

So observed Cook County Farm Adviser O. G. Barrett when the Herald reporter called at the Farm Bureau office this week, in regard to the desperate economic situation.

"There are to be noted, however, and pleasingly, too, that two very important changes have taken place in the last few months; and of those two we are not including the results of the election or the swing of agriculture from the Republicans and the high tariff to the Democrats."

"One of those important changes is the coalition of the various farm organizations to think and work along one common line rather than working along their own particular line of thought; or, applies the Farm Bureau with its equalization fee, the Grange and its debenture plan, the live stock producers, the cotton growers, the Farmers' Union, and others with their individual pet schemes."

"Second, and no less important, is the change in attitude of the industrial East toward legislation aimed at improvement of agriculture in the West. Five years ago they were opposing anything and everything that was in the way of agriculture. Whereas at the present time they are thinking as hard as anyone trying to devise some scheme of some help to agriculture—arguing that agriculture's buying power must be increased if we expect to see any return to prosperity."

**Fred Clausing, Well  
Known in Arlington  
Heights, Passed Away**

Fred Clausing, Jr., former lamp-lighter for Arlington Heights, passed away peacefully Sunday afternoon, Nov. 27, at Resthaven sanitarium in Elgin, to which he was taken for a rest last Thursday morning, Nov. 24.

Funeral services were Wednesday afternoon, Nov. 30, 1932, at 1:30 at the Karstens Funeral Home in Arlington Heights, and at 2 p. m. at St. Peter Ev. Lutheran church, Rev. C. M. Noack and Rev. H. C. Fricke officiating. Mr. K. L. Busse of the organ. Burial was in St. Peter Lutheran cemetery.

Mr. Clausing was the son of Mr. and Mrs. Fred Clausing, both now deceased; born Jan. 24, 1878 in Arlington Heights, in which he has always made his home. He was unmarried. At the time of his passing away he was aged 54 years, ten months, three days.

He leaves to mourn his departure; five sisters and three brothers; Mr. Henry Clausing of Arlington Heights, Mrs. Louise Lenschow of Hampshire, Ill., Mrs. Caroline Jensen of Fort Dodge, Iowa, Mr. Louis Clausing of Burlingame, California; Mr. Theo Clausing, Mrs. Mary Meyer, Miss Minnie Clausing, Mrs. Alvina Lussmann, all of Arlington Heights; three sisters-in-law; four brothers-in-law; one aunt, Mrs. Henry Wilke, Sr., of Arlington Heights.

## Dolls Arrive; Need Many More Toys for Christmas Project

The Christmas Toy project, sponsored by the Lions club at the Webber paint store, 5 S. Dunton street, Arlington Heights, is given a boost this week by the donation of 30 very cleverly made, varied and complete dolls, made and given by Mrs. Wilhelmina Meyer, 413 W. Wing street. This represented a good part of a summer's work by Mrs. Meyer.

Another gift of about 75 blocks cut to be painted as toy houses, barns, etc., was received from Mr. A. M. Conger, manual training teacher of the high school, in response to Mrs. Webber's suggestion.

Toys which can make happy the children in needy families in and around Arlington Heights, should be coming in rapidly from now on, so that the needed repairing, painting, etc., can be done in ample time for the distribution the day before Christmas.

About 85 allotments of toys were distributed by the Lions, with the help of the Scouts. The Boy and Girl Scouts will help in collecting toys, if word is sent to Mrs. Webber.

The Girl Scouts are making picture books to be given out in this project Christmas Eve.

## PRIZE CAR TO JANITOR OF PUBLIC SCHOOL

**Several Thousand People  
Attend Drawing;  
A Big Success**

The Prize Rockne auto offered by fifty Arlington Heights business men found its owner last Saturday night in the person of Edward Heimsoth, janitor of the Arlington Heights south side school.

The Wetteman garage, was deemed ample for the drawing by the judges, but the judges were mistaken as they discovered fifteen minutes before the zero hour. The garage and show room was packed with a dense crowd of people. Fully a thousand were unable to gain admission and many of them remained out in the cold waiting for the announcements of the lucky numbers.

Sixty-seven numbers were drawn before the 32 lucky claimants were found. With these 32 on the platform, it was long before the envelopes were passed around and announcement was made as to which one of the thirty-two had won the car.

While there was an immense crowd and it took some time to draw all of the numbers, not a word of complaint has been received by this newspaper from business men cooperating in the general public who collected the tickets or the winners themselves. Many of the business men report large collections of accounts and new business received.

**Many Pay Subscriptions**

Subscriptions paid for Paddock publications in this contest equalled 248 years. The people appeared to have a good time collecting the tickets and there are no hard feelings or regrets on the part of anyone. A list of the prize winners is given on page five.

## Double Golden Wedding Held at Lutheran Home

A pretty double golden wedding celebration was held at the Ev. Lutheran Old Folks' Home in Arlington Heights last Sunday evening.

The honored ones were Mr. and Mrs. Christ Badendick, formerly of Elgin, and Mr. and Mrs. August Schottke, who were from Chicago, but for a year residents of the home. Some 75 visitors were in attendance, besides the regular home folks.

The dining room, the lights and dining tables were decorated in gold, and the menu was in keeping, cheese sandwiches, yellow apples, etc. Two beautiful wedding cakes, decorated with gold leaves, were given by Mrs. Bakery. There was community singing. Addresses were given by visiting pastors, Rev. W. J. Kowert, Jr., of Elgin, pastor of the church in which the Badendicks were members for many years, and Rev. Aug. Burdick of Chicago, officially connected with the Home, Mrs. Otto Koch, niece of Mrs. Julius Stahmer, sang. Mr. and Mrs. Stahmer, superintendents of the home, managed this delightful event.

The elderly couples were much thrilled by the kindly consideration shown them, and appeared very happy indeed. Mr. and Mrs. Badendick were married in Germany, and came to this country in 1808. They have no children. The Schottkes have one daughter, Mrs. M. Malow, 6133 Kominsky avenue, Chicago.

The elderly couples were much thrilled by the kindly consideration shown them, and appeared very happy indeed. Mr. and Mrs. Badendick were married in Germany, and came to this country in 1808. They have no children. The Schottkes have one daughter, Mrs. M. Malow, 6133 Kominsky avenue, Chicago.

Sunday morning service, 11 a. m.  
Wednesday Testimonial meeting, 8 p. m.  
Daily morning radiocasts, 7:30 to 7:45 a. m. week days, Station WBBM, 770 kc., 389.4 meters; this Society cooperating.  
Reading Room open in Church Edifice, Wednesdays, 2 to 4 p. m. and 9-9:15 p. m.; Fremont Street entrance.  
All are cordially invited to the above.

## CHRISTIAN SCIENCE CHURCHES

"Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, November 27.  
The Golden Text was, "Watch ye, stand fast in the faith, quit you like men, be strong" (1 Cor. 16:13).  
Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Finally, my brethren, be strong in the Lord, and in the power of his might. Put on the whole armour of God, that ye may be able to stand against the wiles of the devil. Stand therefore, having your loins girt about with truth, and having on the breastplate of righteousness" (Ephesians 6:10, 11, 14).  
The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Be watchful, sober, and vigilant" (p. 324).

## RAND ROAD SPIRITUALIST CHURCH

The sermon rendered by Dr. Bogdadi of Persia, Nov. 27, at 3 p. m., was an intellectual and spiritual treat. The speaker retained the attention of the audience throughout the entire discourse.  
The healing was conducted by Dr. Lynde at 2:30. Mediums were Mr. E. Harrington and Mr. C. Detrich. Everyone present received a message.  
Sunday, Dec. 4, Mr. Harrington will lecture on "Knowledge of Divine Law." Mediums present, Mr. C. Detrich, Miss L. Kelsa, and Mr. E. Harrington. Free healing by Dr. C. Lynde at 2:30.

## Public School Notes

As soon as the boys of the public school are finished with their minstrel show this week, they will begin practice for the basketball game Dec. 9, with Barrington at Arlington Heights.  
Miss Wilda Martin, teacher of Third Grade, north school, has been ill with tonsillitis, and Mr. E. H. Jarvis has been substituting in her room.  
Pupils of 6th grade (North and South) are making a drive among the homes of Arlington Heights to sell Christmas Seals. The boys will contest with the girls. The winners will be given a party by the losers, in the early part of the new year.

## BOWLING NEWS

### ARL. ELEVATORS WIN THREE GAMES, ROLL 2900 PINS

The Arlington Elev. Coal boys increased their lead over the Kehe Motor boys Monday night by taking three games and are now leading the Monday Night Bowling League by four games. Wm. Stone, the barber from Barrington, is showing up the boys this year with a 198 average for the Elev. Coal team.  
The Arl. Club Beverage team took the Sterling Oil boys for three games, which puts the Mueller boys in 4th place, 7 games from the lead. J. Wiese and Carl Huber were the big guns, both getting better than 600 pins.  
The Arl. Recreation Five took three games from the Winkelman Dairy boys, which puts them one game from second place.

Team Standing				
	W.	L.	Ave.	
Arl. Elev. Coal	21	9	901	
Kehe Motor	17	13	882	
Arl. Hts. Recreation	16	14	866	
Arl. Club Beverage	14	16	883	
Sterling Oil	11	19	868	
Winkelman Dairy	11	19	864	
Next week lineup:				
1-2—Arl. Recreation vs. Sterling Oil.				
3-4—Winkelman Dairy vs. Arl. Elev. Coal.				
5-6—Kehe Motor Service vs. Arl. Club Beverage.

## STOMACH TROUBLE AND GALLSTONES

Cholekinaza is the best herb tea for the stomach trouble of all kinds and Gallstones and is guaranteed to help. Box of Cholekinaza costs \$1.50. Send the money order to Inico's H. Medicine Imp., R. 2, Bx. 73-A, Bensenville, Ill. (12-2\*)

## A Sound Basis for Thanksgiving

As we check up on our individual blessings at Thanksgiving, let us not forget the important factors which, even in this difficult period, give us a sound basis for Thanksgiving as a nation. Let us briefly examine some of these factors.  
The business decline was checked in July and the rise in August was followed by still more vigorous rises in succeeding months. The gain was well distributed, but textiles led the list. For example, the index of cotton consumption rose from July to September, 55-1%, while wool consumption was a close second with 48.1% gain.

Steel operations have advanced from 13% of capacity in mid-summer, to 21% of capacity at present.  
Since July more than a million men have gone back to work, resulting in a substantial increase in purchasing power.

Money in circulation reached a high point on July 4th, and has since declined \$191,000,000. This contraction in the face of business improvement, with its larger demands for money, indicates clearly that millions of dollars have been withdrawn from hoarding and are back at work once more.

Our gain in gold from foreign shores since the June low point, exceeds \$350,000,000. The dollar, viewed with some distrust in foreign countries a few months ago, is once more strongly entrenched in the money marts of the world.

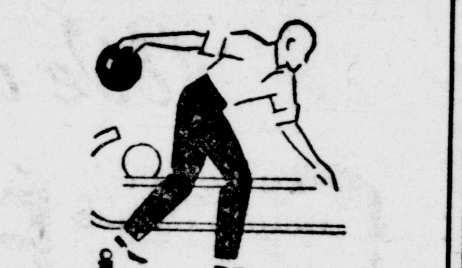

More than fifty million savers have reserve funds at interest in the banks of the nation. Each dollar of these reserves is now worth in terms of goods, as high as \$1.75. Americans also own more than \$100,000,000,000 in life insurance protection.

Money rates and prices of merchandise are low, encouraging the undertaking of constructive operations and larger buying on the part of the public.

Federal Reserve banks have an excess of reserves above legal requirements of more than \$400,000,000.

The banking situation as a whole is much improved. Banks seem to have passed through their period of difficulties and the great majority have proved their soundness and dependability even under the greatest period of financial stress and strain ever experienced in this country.

The Ship of State has been battered by great waves of adversity and blown far off its course. Yet the skies show evidence of clearing and there is every indication that with capable hands at its helm it can be brought safely into port. Some of the useless gear has been swept from its decks and the engines are still in sound condition. Secure in our strength and undaunted by the lesser dangers ahead, let us make substantial progress before Time brings us to another Thanksgiving.

You'll Make Better Bowling Scores Here

It's a great satisfaction to bowl on Arlington Recreation Alleys because the perfect condition of our alleys and equipment permits you to get the most in scores out of your ability.

## Woman's Club Members Enjoy Home Exhibit at Wilson Park Field House

The 7th District American Home Exhibit, Tuesday at the Wilson Park Field House, Chicago, was attended by many members from the Northwest Woman's Clubs. The exhibits were unusually interesting, special prominence being given to antiques, crochet work, clay pictures, paintings, rugs and other articles that tend to make the home attractive.

Those attending from Mt. Prospect were: Mrs. Bacon, Mount Prospect's American Home chairman, Mrs. Weiss, Mrs. Fenton, Mrs. Andresen, Mrs. Ivers, Mrs. Lee, Mrs. Maseng, and Mrs. Johnson. Also Mrs. Holmes, Mrs. Weber, and Mrs. McCain, who attended as guests.

ed as guests.

Those present from Palatine were: Mrs. G. C. Butler, Mrs. Thompson, Mrs. E. H. Oltendorf, Mrs. W. P. Schirring, Mrs. Geo. Herrmann, Mrs. S. R. Paddock and Mrs. Gilbert Fosket.

The speakers were: Mrs. John Bunting, past president of the 7th District; Dr. Alice Conklin, District chairman of Public Health; Mrs. Walter W. Seymour, American Home chairman of the General Federation of the United States, and Mrs. J. Paul Carter, American Home chairman of the State of Illinois.

The speakers spoke on a variety of subjects, each of vital interest to home makers, emphasizing health and how to keep fit, the child and his money, religious training, wise savings and spending, insurance, home safety, fam-

ily ethics, relationships to each other, special value of music and character, self training for mothers, the purpose of the home, etc. One speaker stated that there are two million homes without a home maker.

## To Have Regular Band At All Home Games

The Palatine high school athletic department has interested enough members of the Palatine band in basketball to insure a band of grownups for all the home games. The band music with the aid of the team yells, put pep into the players and if the two high school teams do not make a good accounting of themselves this year, it will not be the fault of their supporters.

OBSERVER'S NOTES

Good morning folks! How do you do?  
On this, the great day after;  
We'll still give thanks the whole  
year through,  
In gloom or shine and laughter,  
What mattered eats if friends drew  
near,  
And closest kin seemed dearer,  
We'll hold them closer all the year,  
With understanding clearer;  
Laughter, with sunshine and true  
friends,  
Thank God for these best gifts He  
sends!

When Thanksgiving Day comes  
and you're shut in, not just sick,  
but not able to go about or to  
carry out plans, that is the time  
you take a sort of inventory of  
your holdings, and on the list  
things loom so large as friends, true  
friends.

Wasn't it a glorious Thanksgiving?  
Hear the laughter of little  
children on the street; hear the  
call of the sparrows, who, like  
many of us weak mortals, never  
suffer in silence. How beautiful the  
sunshine; how pure and clear the  
church bells ring the hour for giving  
thanks.

Oddest thing isn't it, the way  
just own folks and nearest friends  
misunderstand each other? Then  
we, poor finite creatures that we  
are, are amazed that we cannot  
understand God's plans concerning  
"Day unto day uttereth speech, and  
night unto night declareth knowl-  
edge." Yet we know so little of  
what it all means.

Talk about Doll parades. Do our  
children need any more exciting  
spectacles? What a pity to take  
little children into the crowds they  
must mingle with to see a gaudy  
puppet show. Speaking of pup-  
pets, the one Friday night, called  
out by the fire alarm, firemen, mo-  
tor cops, police and citizens by the  
score in autos, blowing horns, ring-  
ing bells and making hideous  
noises. A fire out east of the  
Klehm's woods, reports not in.

"Words, words, words, nothing but  
words." Ah, Hamlet, there were  
not so many college presidents and  
"leading statesmen" in your day  
who carried in their anatomy  
whole vocabularies of words they  
waited to pour out on a suffering  
world. Heard Glenn Frank over the  
radio last night—tell "all about  
it." How long since the Democrats  
have had a hand in the game; how  
there is no difference in the two  
great political parties; how the  
Democrats had not been in power  
since "The shining interlude of  
Wilson's administration." That  
was quite "quandam sufficit" for  
me. A pretty bit of college lan-  
guage, yet pretty much words,  
words, nothing but words.

Along this line of thought comes  
this from a Chinese woman, find-  
ing fault with the people we send  
to teach a nation centuries old.  
You send these little men and  
women who know nothing and did  
not even know they knew nothing?  
How dared you send these people?  
How dared you stand them up for  
your God, and for Jesus Christ, be-  
fore the world? I am wearied to  
death of preaching. It confuses  
thought. It confuses all issues.  
Let us cease our talk for a time,  
and cut off all talkers, and let us  
try to express our religion in the  
lives we live. "The more abundant  
life Christ gives."

This is not Democrat, or Repub-  
lican, nor is it an original line of  
criticism; just to show the futility  
of words with no active helpful  
motive behind them. When I hear  
them rolling in grand diapacons  
(or something like that) it re-  
minds me of the time I tried to  
put little John to sleep by telling  
him, O so slowly, the story of the  
locusts and grains of corn, finally  
after hundreds of repetitions, I  
spoke slower, and dreamier, think-  
ing the little lad was asleep. When  
he gave me a shake and said, "Are

night and since the word had gone  
out that Observer had taken to her  
bed, if it was found I won that  
sick car, they have been too kind  
to let me know for fear the shock  
of joy would kill me. Now isn't  
that kind of them?

There is nothing for it, but I  
shall be compelled to write another  
chapter on the trees in Arlington  
Heights. Hear of so many inter-  
esting trees not known to me in  
my old tree poem. Only last week  
Mrs. Pfleger told us of their per-  
simmon tree more than six years  
old. It has not yet borne fruit,  
though it grows and is in fine con-  
dition.

Didn't there used to be an old  
saying about "It takes a long pole  
to knock down the persimmons, so  
they must grow high." At any rate  
we hope to see Mrs. Pfleger's tree  
bear fruit, maybe this next season.  
That will add to our tropic fruits  
sure enough.

So many kindly beautiful things  
are going on all about us. Why do  
the newspapers torture us with  
tales of crime and horror, when  
so many good people, Christian  
people, going about doing good as  
the Master went. O, for a light to  
illumine each printed page with  
tales of kindness and love to those  
in need. Yes, in need of material  
things, and far more of kindly,  
friendly things.

O, winter nights of long ago,  
How blazed the wood fires bright,  
When all the road was full of snow,  
And hearts were warm and light.

O, comradeship of long ago!  
Though drifts were mountain high,  
Some friend would seek the hearth  
fires' glow,  
To help the hours speed by.

Old neighbors kind and good to  
know!  
None dared the weak to wrong;  
They knew no caste of high or low,  
When winter nights were long,  
True gentle folk, who e'er can show  
Your like in city's throng?

Sharing each other's joy or woe,  
Like child hearts simple, strong,  
They sped the hours in happy flow;  
Of jest and tale and song,  
O, comradeship of long ago,  
When winter nights were long!

"Murder will out," so might as  
well "fess up." This one who never  
knew what it meant to be com-  
pelled to swallow a thermometer or  
barometer, or any other instru-  
ment, snooping about to pry into  
internal climates, or temperatures,  
had to submit. Thus it turns out  
that "Observer" has been condemn-  
ed to lie in bed for ten days, more  
or less, not counting overtime. In  
plain language have been laid by  
for repairs.

No, it wasn't for me, they called  
out the fire department with a  
racket to wake inferno, that was  
just a smoky little prairie fire. The  
temperature in this human frame  
exceeded even the flames of in-  
ferno. O, it's all right now. Our  
doctor Hal came out and frighten-  
ed it back to normalcy. Tell you  
nothing like having a doctor in the  
family. I'll get even with him yet!  
I am going to get out a book on  
"Remedies for What Ails You,"  
made up of the things I've been  
advised to take as sure, honest-to-  
goodness cures for any bodily ills.  
O, yes, I'll get out a book, and  
turn a trick on the doctors, see if  
I don't.

Merle Guild Post Notes

Last Friday our Past Commend-  
er, George D. Davidson, was in-  
stalled as Master of Trowel Lodge  
in Logan Square and the boys in  
the Drum and Bugle Corps turned  
out to welcome George in the pub-  
lic installation by playing a few  
numbers for him and the Color  
Guard retired the colors at the end  
of the meeting.

All of us who were there enjoyed  
the installation and we think  
that Trowel Lodge is to be con-  
gratulated in picking George for  
Master. George certainly put the  
Legion over here and by his suc-  
cessful handling of things gave us  
a lot of recognition in Illinois.  
The state headquarters know

Several asked why I didn't "get  
in the paper when I was sick, as  
everyone else did." For this, came  
this nonsense. I'm back to normal-  
cy, and ready to relieve govern-  
ment officials of further anxiety  
on my account. Tell you honestly,  
friends, it is as difficult to be fun-  
ny, when you're sort of well, as it  
is for a great big statesman to  
tell us what ails our country and  
the world. "It can't be did." Next  
week we'll be singing "Happy  
Days Have Come Again!"—Au re-  
voir.

Incidents of life and death,  
Come to all our race;  
Joy and grief, then bated breath,  
And the silent place.

Life and death, their mystery,  
We, with clouded eyes,  
Through a glass but dimly see,  
Dimly truth surmise.

From the nearest, dearest one,  
Something seals the heart;  
Each must live so much alone,  
Separate, apart.

Each his high ideals hold,  
Sacred, hid from sight;  
Each must spin a thread of gold,  
As God gives him light.

Each alone his aims pursue,  
Each his own way plan;  
All too oft in purpose true,  
Be misjudged by man.

Now 'tis ruled that dimly we  
Through Earth's glass must learn  
Vague in part, that mystery,  
Our beloved now discern.

Far from dark confusion's glass,  
In some perfect place,  
Dear ones God has called to pass,  
See now face to face.

Finite vision binds us here,  
Blind, we walk alone;  
They with vision glorious clear,  
Knew as they are known.

Elinore Crisler Haynes.

now that there is a live post in Ar-  
lington Heights and if you are a  
former service man living in Ar-  
lington Heights and not a member  
of the post you are missing some-  
thing good—our new commander,  
Bill Bockmeyer is a regular scout  
and well able to carry on the good  
work that George started.

It is Bill's intention to have  
something doing at each meeting  
—on election night he was instru-  
mental in getting Bill Reese, the  
hardware merchant in the Heights,  
to loan us a swell radio to get the  
election returns on that night, and  
the boys in a later meeting gave a  
rising vote of thanks to Mr. Reese  
for his kindness in making that  
meeting a success.

Last year Merle Guild was one  
of the posts showing the biggest  
gain in membership in Illinois, and  
we are desirous of keeping up the  
good work this year, if you haven't  
already paid your dues, please  
make arrangements to do so before  
the first of the year, as the posts  
showing the best returns by that  
time are given citations by the  
state headquarters and we are  
again desirous of getting another  
citation.

Don't forget to come out to the  
next meeting which will be held  
Tuesday, Dec. 13, and if we aren't  
informed wrong, we believe Com-  
rade Les Moodie will speak on the  
art of cymbal playing and render  
us a solo—a la swaying.

Don't forget to turn out for the  
next meeting, Dec. 13.

AUXILIARY NOTES

The American Legion auxiliary  
in Arlington Heights or any other  
community exists not for itself  
alone.

"Auxiliaries are pledged to carry  
out relief work for the families  
of the dead and disabled veterans,"  
says the American Legion Auxil-  
iary Bulletin and "Since the be-  
ginning of the economic" trouble  
they have expanded their work to  
include all families in need, put-  
ting their experience in the relief  
of the veterans' families to work  
in general relief projects. Cooper-  
ating with other relief agencies,  
they have been able to accomplish  
a tremendous amount toward pre-  
venting suffering in their commu-  
nities."

Thus the cooperation the Arling-  
ton Heights Relief committee have  
received from time to time as ex-  
pressed in cash, meals, clothing

and work of members is a part of  
the regular work of the organiza-  
tion.

George Hall, Early Settler in Elk Grove; Funeral at M.E. Church

The funeral of Mr. George Hall,  
formerly of Elk Grove, and 86  
years of age, was held Monday  
afternoon at the First Methodist  
church in Arlington Heights, of  
which Mr. Hall was a member for  
many years. He passed away Fri-  
day, Nov. 25, 1932, at the Chicago  
Hospital, after an illness of three  
weeks.

Mr. Hall was born in Jefferson  
County, New York, the son of  
Elihu and Prudence Hall, June 2,  
1846; and came with his parents  
to Elk Grove at the age of five. He  
was united with the Methodist Epis-  
copal church in Elk Grove, Aug. 22,  
1860. Feb. 9, 1870, he was united  
in marriage to Miss Luella Page,  
of Elk Grove. They lived around  
Arlington Heights until 1888, and  
moved to Chicago. Mrs. Hall pass-  
ed away in 1910.

There were three sons: Mark  
Olin, who passed on in infancy;  
Willard P., who died about ten  
years ago; and Guy H. Hall, 748  
Blackston avenue, Chicago, the  
only son living. There are four  
grandchildren, George, Earl, and  
Howard Hall, and Mrs. Luella An-  
derson; also four great grandchil-  
dren.

Rev. H. A. Kossack, pastor of  
the Presbyterian church, esteemed  
as a personal friend of the de-  
ceased, preached the funeral ser-  
mon, taking as his text II Tim.  
4:6-8. Conducting the service was  
Rev. W. L. Whipple, pastor of the  
Methodist church. Mrs. Alden  
sang, Mrs. Esther Kelo at the or-  
gan. The service was attended by  
friends from Chicago, as well as a  
few of the older residents of Ar-  
lington Heights. Burial was in  
Arlington Heights cemetery.

An earlier service was held in  
the morning at a chapel at 63rd  
street and Harvard avenue.

SHRINE NOTES

Mrs. Elizabeth Pool, past worthy  
high priestess of Arimathea Shrine  
was one of the "Honor Guests" at  
Lounsbury Chapter No. 494, Bar-  
rington, last Monday night. It be-  
ing Advance Night and Mr. and  
Mrs. Peter L. Anderson, former  
residents of Des Plaines, presided  
in the East.

How One Woman Lost 20 Pounds of Fat

Lost Her Prominent Hips—Double Chin—Sluggishness

Gained Physical Vigor—A Shapely Figure

If you're fat—first remove the  
cause!  
Take one half teaspoonful of  
Kruschen Salts in a glass of hot  
water in the morning—in 3 weeks  
get on the scales and note how  
many pounds of fat have vanished.  
Notice also that you have gained  
in energy—your skin is clearer—  
you feel younger in body—Kruschen  
will give any fat person a joy-  
ous surprise.  
But be sure it's Kruschen—your  
health comes first—and SAFETY  
first is the Kruschen promise.  
Get a bottle of Kruschen Salts  
from Ferd. B. Wendt, or any  
druggist anywhere in America  
(lasts 4 weeks) and the cost is but  
little. If this first bottle doesn't  
convince you this is the easiest,  
SAFEST and surest way to lose  
fat—your money gladly returned.

# ARLINGTON HEIGHTS

Whether you do or "do not choose" Just wait a bit and read the news.

Remember the sacred concert at the Methodist church next Sunday evening at 8 p. m.

Mr. and Mrs. Earl Wirth are the parents of a little daughter born Saturday, Nov. 26, 1932—"Number please."

Mr. and Mrs. George Peterson and their daughter, Mrs. Dorothy Harris, drove to LaGrange Thanksgiving Day to visit the Harris family.

Mrs. Harvey Winkelman is hostess to the Ceasa club in her home this week Thursday.

Mr. and Mrs. W. W. Guild and Mrs. Hodgkins were guests of their daughter and husband, Mr. and Mrs. Arthur Jenkinson at Park Ridge, Thanksgiving Day. The Rev. H. S. Jenkinson and his daughters from Beverly were also in the family group. They went out for a seven course dinner, and later witnessed a play. Altogether a full, happy day.

Mrs. Simisen, who has been shut in for some time, was enough better to take a short walk out Sunday.

Alton Meyer, whose home is in Iowa and who is attending Valparaiso University, spent his short vacation here with his cousin, Raymond and his parents, Mr. and Mrs. W. G. Meyer, as his time was too brief to go home.

Mrs. C. C. Schwartz entertained the Ladies' Pinochle club in her home Friday last week. A pleasant afternoon for the guests and their genial hostess.

Our good neighbor, Mr. W. B. Beardsley, who has been ill for some time, is now at home from the hospital convalescing.

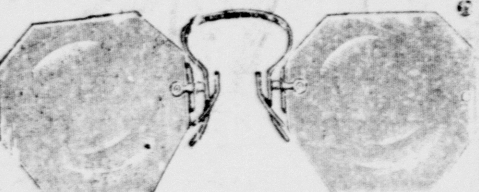

Mr. and Mrs. Will Lautenberg had as dinner guests Thanksgiving, her brothers, George and Ed. Schimming and her sister, Miss Clara Schimming.

Did you hear our talented home improver, Elbert Wheeler? He is on WGN every Wednesday. Look at the records for the hour. None of those much praised foreigners can beat our Elbert Wheeler. Are we proud of him?

Mr. and Mrs. Orville Kurtz entertained as dinner guests Thanksgiving, their parents from Des Plaines.

Mrs. Klemme and her daughter, Mrs. Schoenleber from Chicago, are guests of her sister, Mrs. C. P. Draper and family this week.

Rev. H. A. Kossack spent a part of his busy holiday with his sister and husband, Rev. and Mrs. Blair at Milwaukee.

The Jeweler  
Vall-Davis Bldg. Arlington Heights

Mr. and Mrs. Albine Flodine entertained a group of relatives on the occasion of the christening of her son's children, Thanksgiving Day. The children were Estelle Gudrun, John S. and Anne Marie Hickey; also their little cousin, Otis Kenneth Lahlum. Rev. H. A. Kossack impressively dedicated these little ones to our Lord. Mrs. Forsted, mother of Mrs. John Hickey and Mrs. Otto Lahlum, was in the family group; also Mr. and Mrs. Edward Fritz, Mr. H. F. Ackley and Mrs. A. V. Ackley. Mrs. Flodine served dinner to 20 guests to complete the day.

The St. Peter bell tolled Monday morning for the death of Mr. Fred Clausen, who died in an Elgin hospital after a brief illness. Many of the older residents here will remember him as the faithful lamp lighter in other days when lamp lighting was a real job. The obituary will be given elsewhere.

Mr. and Mrs. C. H. Watson had as Thanksgiving guests some of their Chicago friends in their home on the west side.

Mr. and Mrs. Fayette Briggs went to the city Sunday to view the preparations made for the Century of Progress. A wonderful sight, even thus far off.

Mrs. Louis F. Magers was stricken suddenly ill a week ago or more and was taken to the Palatine hospital for treatment.

Mrs. Max Adam had her children with her in her home Thanksgiving. Miss Adele came from Kenosha and George home from Milwaukee came to join Gertrude, Edward and Mrs. Hackbarth in the family group.

Mr. and Mrs. Arthur Schmitt entertained their family group in their home as Thanksgiving dinner guests. Earl came home from the university to join them.

Mr. and Mrs. Theodore Hintz entertained a group of friends in their home on Muller street last Sunday night. The date was the 20th anniversary of their wedding. A royal wedding supper was served the guests by the twenty years bride. Guests brought pretty and useful gifts and all went merry as a marriage bell in the happy company.

Remember the sacred concert at the Methodist church next Sunday evening at 8 p. m.

The Methodist Mothers club will meet at the home of Mrs. Eugene Heller, N. Pine street, Wednesday, Dec. 7, at 8 o'clock. Don't forget to bring your donations.

Mr. and Mrs. M. Saar and little Eugene, were Thanksgiving guests of his mother in the city Thursday and of his sister over the week-end.

Mr. George Klehm and his daughter, Miss Henriette, were dinner guests of Miss Laura McElhose in her home Thanksgiving Day.

Mr. Waterstreet of North West-corn came out to call on his old pal, H. F. Ackley, Sunday.

Mrs. Hofstetter is kindly offering her services to teach both plain and fine needle work, such as only an artist can do or teach, at her home, South Dunton avenue, Saturday afternoons. Those wishing to take advantage of this kind free offer, will either call on Mrs. Hofstetter at her home or call over telephone.

Mr. and Mrs. B. A. Noyes, their daughter, Miriam and his sister, Mrs. J. E. Best, were Thanksgiving Day guests of the Austins over city way.

Wetterman's Garage was the storm center of vital interest Saturday night, when throngs of ticket holders stood for hours to hear their names and numbers called as winners of that magnificent car or some of the not so tremendously valuable prizes. O, it was an exciting, a thrilling scene. Some of those who held loads and loads of tickets got zero. So goes life, as the old woman said, "Him as has gits." Hope it helped our dealers.

Mrs. Jeannette Webber and Mr. and Mrs. Orval Baldwin were dinner guests in Chicago Sunday of Mrs. Marie Wheeler, mother of the Mrs. Davis that formerly had a beauty shop in the Hagenbrink building.

Donnie Folkman is reported to be quite sick the past week, unable to attend school.

Arthur, seven year old son of Mr. and Mrs. Arthur Homeyer of West Wing street, Arlington Heights, passed away Friday morning from diphtheria. Burial was Saturday at one o'clock in the Lutheran cemetery in Bensenville. Rev. H. C. Fricke of Arlington Heights conducting a brief service at the grave. Arrangements were by Karstens.

Some of it was on air lines blown and some came on the telephone.

The Lions Club will meet next Tuesday evening.

Mr. and Mrs. D. Lambert, Marguerite, Nellie and Elizabeth Lambert of North State road attended the poultry show at the Coliseum Sunday, and Monday they attended the International Live Stock Exposition at Chicago.

However, we see by the Tribune cartoon Wednesday morning that the way to settle the farm problem, and as it affects the general prosperity of the country, is to starve the farmers out. Selah.

**Hawaiian Melody Makers Reorganize**

The Hawaiian Melody Makers held a special meeting last Friday, Nov. 25, in the rear rooms of the Pfundstein Barber Shop.

Anton Pfundstein, Jr., opened the business of the meeting with a proposal that the club reorganize by electing new officers and adopting a definite constitution and regular dues. In view of the fact that attendance at meetings has frequently been poor, the resolution was passed unanimously.

The members then proceeded to the election of new officers. Anton Pfundstein, Jr., was elected new president, taking over the place of Mike Kozak of Arlington Heights. Mike was made vice president. Helen Kolling was made secretary, replacing Bernice Hammerl, and Erich Plontke was made treasurer, taking over Ruth Hammerl's position. The Hammerls are from Des Plaines.

Since the club is composed of members from Mount Prospect and Des Plaines, as well as Arlington Heights, meetings are to be held for a period of one month in each town. The meeting tonight, Thursday, will be held at 5 S. Emerson street in Mount Prospect. Anyone interested in playing the Hawaiian guitar, is invited to attend. The meeting will open at 8:00 p. m. sharp.

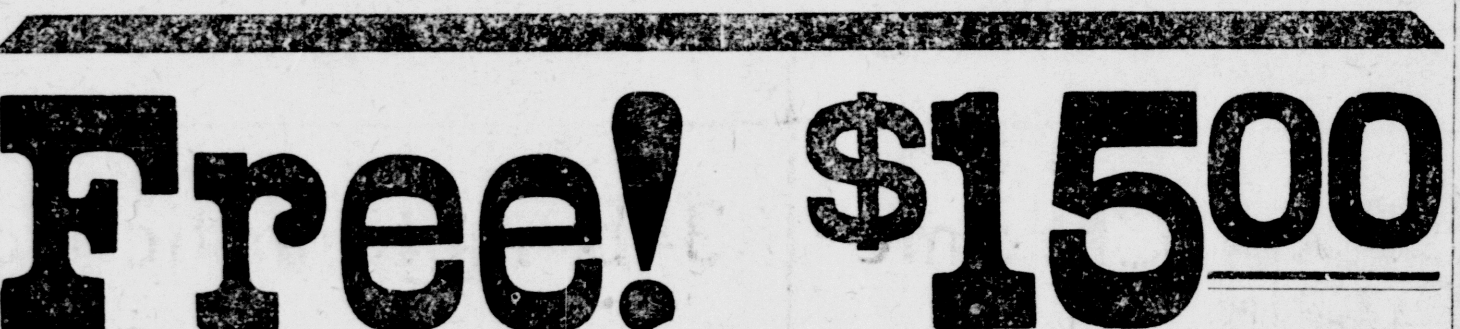

**CARD OF THANKS**

I wish to thank all who in any way helped in the automobile drawing.

Edward Heimsoth.

## County Commissioner H. J. Byrd Entertains Community Players

On Tuesday evening, the 22nd of November, 1932, the Community Players were royally treated to a turkey dinner with all the frills, and entertained by a most intriguing orchestra at the "Farm" on River road.

There were about thirty guests in number, and we can truthfully say that the Community Players never enjoyed a more delightful evening. Judge Byrd has been a charter member with this club, and has participated in many of this organization's plays.

When the last course was being served one of the members rose and thanked Judge Byrd for the wonderful treat and the members were asked to give him a rising vote of thanks which they gratefully did. The host responded with a wonderful speech saying that he was very glad to be a member of this organization and hoped that in the near future he could be in another play.

In the midst of all the pleasure, and lovely surroundings, there came to every one's mind the thought of our dearly beloved member, Lawrence Lips, who just passed away.

His bright and smiling face seemed to loom up and almost speak to us. For he was dearly beloved by us all.

Mr. Olcese was a guest of honor and surely everyone was delighted with his presence. The evening was spent in dancing to the strains of the orchestra and in the wee small hours the company of guests said good night to their host, which finished a most delightful evening long to be remembered by every one present—One of the Guests.

Two tickets, Arlington Theatre. Marion Meyer, Arlington Heights. Karster's Funeral Home.

1 flash light, Winkelman Tire & Battery Shop. Elsie Engelking, Arlington Heights. M. Masny.

### Six Million Unemployed Now Permanent Feature Of Our Machine Age

Declaring that "rapid acceleration of production of machine energy has already rendered a part of the human race obsolete and a further part, obsolescent," the December issue of Fortune appears with an article describing technological unemployment as "conceivably the most important issue of our time."

"It is common knowledge that the great industries have strained every resource in the present depression to eliminate labor costs and that their success has been such that even though production was resumed on January 1, 1933 there would still remain an unemployed population variously estimated at four to six million," Fortune declares.

Summarizing the recent announcements of engineers and economists on the rapid advance of mechanization the article points out: "...that if the S. S. Europa obtained her motive power the way the Spartan Admiral Eurymedon obtained his at the battle of Salamis she would have to carry sweepers to the number of 3,000,000 men."

"...that if 10,000 men had set out to dig the Panama Canal the year the Pilgrims landed they would not yet have finished the digging of the earth and rock."

"...that if the 1929 U. S. wheat crop had been grown in 1829, 6,000,000 men... would have been required... whereas 4,000 men using the best 1929 equipment could have done the whole job."

"...that in one decade (1920-30) one manufacturer (General Electric) created new machinery capable of producing four times as much man power as the total wage earning population of the U. S."

"...that one man in 1930 could make as many needles a day as 17,000 men in 1830."

Holding that "the question of remedy still remains open," Fortune declares that "the only device so far seriously offered in the present emergency is the share-the-work movement for rationing the residuum of employment among the employed and the unemployed by the introduction of the five-day week," a program widely adopted by leading corporations.

## "Dream Kitchen" On Wheels to Visit Local Towns Tuesday

A modern kitchen on wheels will visit Arlington Heights, Palatine and Mount Prospect Wednesday, December 7.

It is the General Electric Kitchen coach, which will be brought here by the Zimmer Hardware Store of Palatine, the Mount Prospect Electric Construction Company of Mount Prospect, and the Reese Hardware Store of Arlington Heights. These local dealers are distributors for G-E kitchen appliances. Arrangement with R. Cooper, Jr., Inc., of Chicago. Known as the "Dream Kitchen,"

it is equipped with all modern electric work-saving devices, such as electric refrigerator, electric range, electric dishwasher, electric food mixer, ventilating fan, built-in radio, electric washer, ironer, novel lighting arrangement, metal sink and scientifically arranged cabinets. A breakfast nook and kitchen desk also are built in. Housewives will be invited to inspect the novel kitchen coach.

The kitchen coach will be driven up and down various streets of the residential sections of these towns in order that housewives may conveniently inspect the coach and its arrangement.

With the electric refrigerator, the housewife is certain that food-stuffs will be adequately and wholesomely preserved without attention

on her part. An electric range will permit her to place the dinner in the oven, set the temperature and time controls and leave her home for an afternoon while the range cooks the meal. The electric ventilating fan keeps the kitchen cool and free from cooking odors. The electric clock and other devices operate automatically, while the washer and ironer relieve her of drudgery, and the electric dishwasher cleans the dishes after the meal.

Now, kitchens are being planned with all those work-saving devices in mind. Many new homes are being equipped with all-electric kitchens.

It is for the purpose of calling attention to the housewives of America to the all-electric kitchen,

that the kitchen coach was designed. The General Electric Kitchen Institute, too, is busy day and night drafting plans for new kitchens and suggestions for remodeling old kitchens. This service is performed gratis.

The hours for demonstration will be: Palatine, 10 to 12 a. m., Arlington Heights, 12 to 2; Mt. Prospect, 2 to 5 p. m.

## EAST MAINE

Bill Reiter is enjoying a week's vacation from his clerking duties in the East Maine store. Wilfred Tagtmeier is officiating in his absence.

Herman Moeller underwent an

operation on his hand at the Welles Park hospital, Chicago, Tuesday morning.

Clarence Steil is taking up a course in transmitting and code at the Coyne Electrical school in Chicago.

Joe Ruesch spent most of last week enjoying the hunting at Bath, Ill., as a guest of his brother-in-law, Art Holtman, who has been down at his cottage there some time.

The Ladies' aid are looking for a large crowd at their bunco party at the school hall Friday, December 9. Admission, 25 cents as usual and everyone is welcome.

The P. T. A. realized a tidy sum as the outcome of their card and bunco party at the school house, Nov. 25. Although not attended by

a large crowd, those who were there had an enjoyable evening. There were door and raffle prizes and delicious refreshments. Be sure and watch for the date of their next affair as you will not want to miss it.

A jolly crowd attended the dance sponsored by the W. P. U. V. at Niles, Saturday evening and from reports all present had a lively time. The committee in charge are well satisfied with the outcome of the affair.

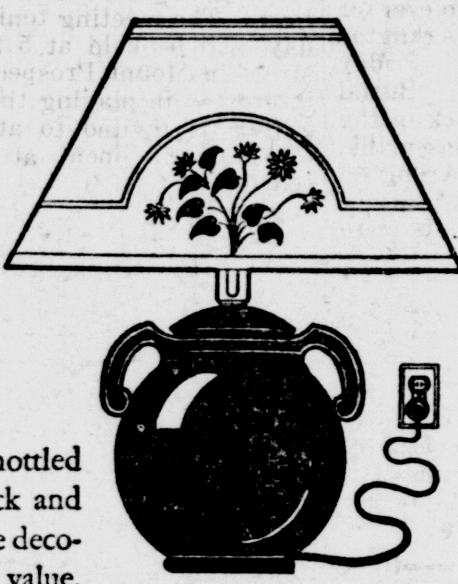

## OLD TIME DANCE

Given by East Prairie Welfare club in Bree's hall, Lincoln and Touhy Aves., Tessville, Saturday, Dec. 3, at 8 p. m. Tickets, 50 cents. Door prize.

# We've never had so many real bargains—all at once!

## Large Pottery Lamps

2.55

Beautifully molded bases in mottled yellow, pumpkin, green, black and oxblood. Parchment shades are decorated to match. A remarkable value.

Large selection of other low-priced floor and table lamps

## Your Public Service Store

... is getting ready for Christmas early this year. Our tables are already full of useful gift selections. And although prices are much lower now than ever before, quality is fully guaranteed. Come in—you'll agree this is a good place and a good time to go Christmas shopping.

## Electric Percolators

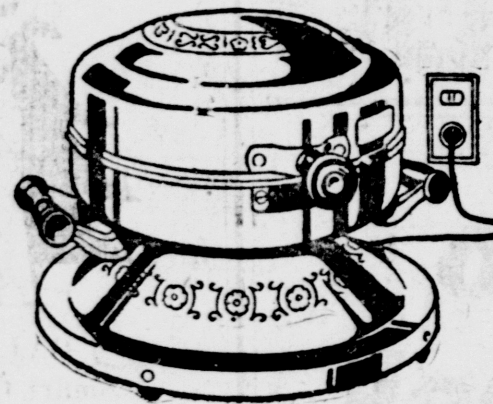

7-cup size

1.45

A very practical coffee-maker for the table. Finished in heavy polished aluminum with etched design. Black wooden handle. Easy to clean. (Cord not included.)

Many other bargains in percolators, including the new Hotpoint coffee-maker.

## Chrome Waffle Irons

with heat signal

3.45

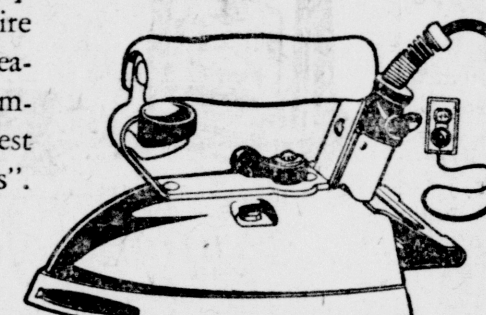

This full-size chromium waffle iron is a bargain and a beauty! Has an automatic indicator to tell when aluminum grids are hot enough for batter.

Other electric waffle irons—some as low as \$1.29

## 3-lb. Automatic Irons

5.95

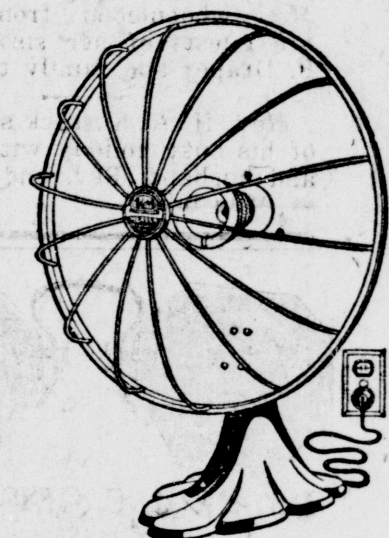

Hotpoint's newest iron—as large but only half as heavy as ordinary irons. Speeds up ironing and does not require any extra arm-pressure. Features include automatic temperature control, thumb rest and 2 handy "button nooks".

Other electric irons, variously priced—\$1 and up

## Electric "Spot" Heaters

2.95

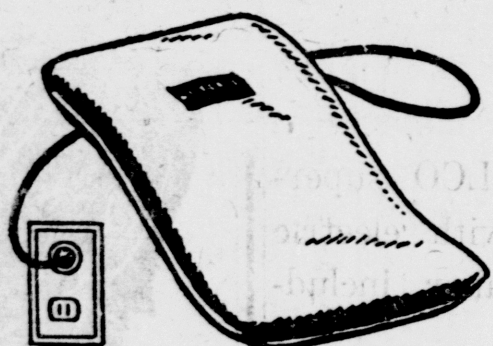

Makes chilly corners comfortable. 13-inch reflector bowl. Two-tone green enamel finish.

Other heaters, including fan models, \$3.35 and up

## Eiderdown Heating Pads

(Three-Heat)

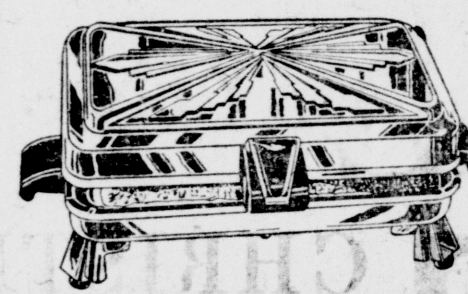

3.15

Also a new all-rubber waterproof heat pad by Hotpoint—only \$5.95

A large woolly heat pad with automatic thermostatic control. Choice of three temperatures. Fine for getting quick relief from aches and pains. 12 x 15 inches. Cover is lavender eiderdown.

## COMBINATION SALE

This deluxe chromium sandwich toaster and 3-cup percolator, both for only

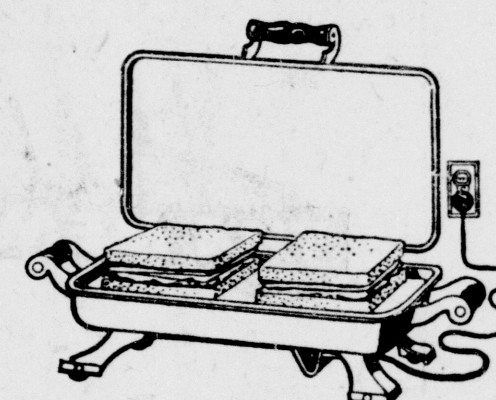

6.96

Toaster is best quality with beautiful embossed design. Makes a handy table grill also. Percolator is chrome-plate on copper.

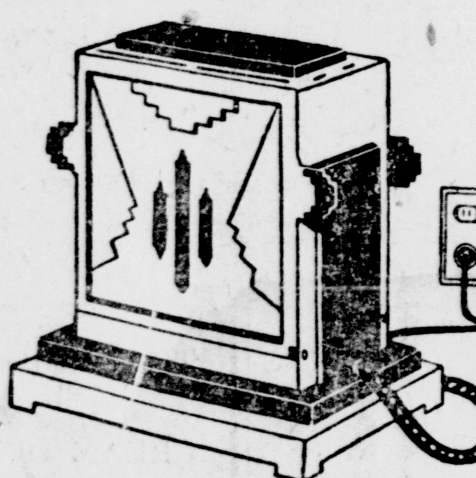

## Sandwich Toasters

1.55

also a handy table grill

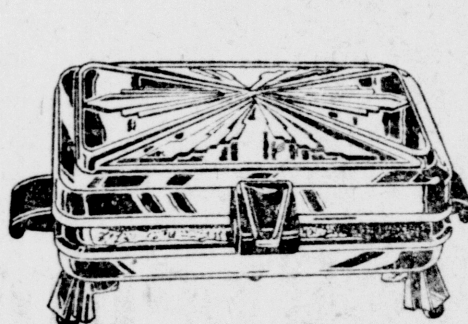

A great buy. Quickly toasts two sandwiches, any thickness, both sides at once. Its two grill-plates may also be used for frying bacon, eggs, sausages, pancakes, small steaks, etc. (Cord extra.)

## Toasters

1.19

A smart-looking toaster—two slice model. Attractively finished in "ebony" with nickel trim.

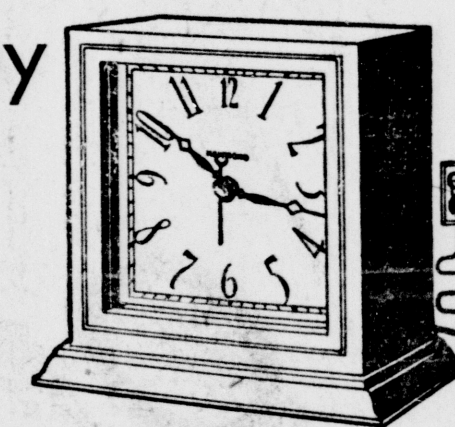

This deluxe chromium sandwich toaster and 8-cup percolator, both for only

7.96

The sandwich toaster-table grill is the same featured in the above combination. The percolator is chrome-finished copper.

## Mahogany Electric Clocks

2.95

The manufacturer (Hammond Clock Company) is discontinuing this Colonial model—hence this remarkable low price. (Formerly sold at \$14.50.) Real mahogany case with buff dial.

Other inexpensive electric clocks at \$4.75 and up

### About the Public Service Company:

Some outstanding facts about this Company probably not as well understood as I think they should be.

(1) It is purely an operating company and is not owned or controlled by any other company. (2) The majority of its stockholders live right here—it is "home owned". (3) All of its officers and employees live here. (4) Its future is irrevocably dependent upon the growth and prosperity of northern Illinois.

## FARM BUREAUS' ANNUAL MEET IS NEXT WEEK

### Nation-Wide Organization to Hear Leaders Attack Big Problems

As the nation, and agriculture in particular, are coming face to face with the greatest economic problems in the country's history, keen interest centers in the 14th Annual Convention of the American Farm Bureau Federation and the 1932 A. F. B. Exposition of Agriculture Progress, to be held next Monday, Tuesday and Wednesday at the Hotel Sherman in Chicago.

An outstanding array of speakers, which will present constructive ideas for all to take home with them to their own communities, will include the following:

Admiral Richard E. Byrd, chairman of the National Economy League, featured speaker at the annual banquet, Dec. 6; Congressman Henry B. Steagall, Alabama; M. L. Wilson, director, Department of Agricultural Economics, Montana State College; Miss Helen Johnston, State Home Demonstration Agent, Alabama; Dr. G. F. Warren, Department of Agricultural Economics and Farm Management, New York State College of Agriculture; H. L. Harriman, president, Chamber of Commerce of the United States; Dean J. H. Skinner, Indiana Director of Extension; Ray Fife, state supervisor, Board for Vocational Education, Ohio, and many others.

All resolutions will be studied by the voting delegates, and definite action taken by them.

The A. F. B. F. will hold their annual meeting Friday this week; and Saturday will be a special meeting of voting delegates, state Farm Bureau officials, with state directors of the agricultural extension service.

#### Next Steps

Next steps in the Farm Bureau Federation program, according to President Edward A. O'Neal, speaking over 58 NBC stations, Nov. 12, "deal with the Farm Mortgage Situation; Securing an Honest Dollar; Protection of the American Market for American Products; and Coordination of Agricultural Service Agencies."

#### Overseeding Pail of Farm Mortgages

"One of the most distressing situations with which we are confronted has to do with our farm mortgage indebtedness. This total debt now amounts to \$9,200,000,000. About half of this indebtedness was placed around 1920, during peak value. This indebtedness is spread over 2,500,000,000 farms or 40 per cent of all our farms. \$60,000 of these farms are mortgaged for over half their present sales value; and 5 per cent, or 125,000, for more than their present value; 300,000, for 75 per cent of present value.

"Our declining price level now compels farm people to attempt to repay these obligations with commodities that are worth less than one-third of what they were when the indebtedness was contracted. Quick action must be had if these farms are to be saved."

#### Nation Owes More Than It Owns?

"We recognize that \$200,000,000,000 of indebtedness in the United States, averaging approximately \$9,000 per family, is in excess of our actual wealth. At the present level of prices, interest and tax charges eat up about two-thirds of the average family's income, leaving about \$600 per family above interest and taxes.

"It is totally impossible to pay such a burden of taxes at the present price levels."

It seems probable that the coming annual meeting will hear some startling facts, and some proposed vigorous measures to save farmers, and the nation, from disaster on a wholesale scale.

#### WHEELING

The Langhorst family have left Wheeling to again take up their residence in Palatine.

The Harry Flesch family and Miss A. Armbruster of Chicago, visited relatives here during the Thanksgiving holiday.

Miss Janet McCaffery, of Highland Park, spent the week-end at the home of her friend, Miss Dorothy Balling.

Rev. E. L. Shaw spent Thanksgiving with his father at Alexis, Illinois.

Mrs. Geo. Sicks entertained her niece and husband, Mr. and Mrs. Sanderland of Chicago on Thanksgiving.

Thanks to "King Winter," young people of the community have been enjoying skating for the past two weeks. With the river still somewhat treacherous, Uptown's pit has again become a popular skating rink.

Presbyterian Church Morning worship, 10:55 a. m. Evening Fellowship service, 7:30 p. m.

Sunday church school, 9:30 a. m. The children of the church have been asked if they would like to share some of their toys with the less fortunate boys and girls. Parents are asked to cooperate and assist the youngsters in making their choices and reminding them of bringing them next Sunday.

Monthly meeting of the Young Peoples' club will be held Tuesday evening, Dec. 6.

The annual meeting of the Ladies' Aid society will be held Thursday afternoon, Dec. 8.

## Our Schools

### GROVE SCHOOL, DIST. 32

The Grove School, Dist. 32, had their Achievement program Nov. 21. The blanket that was raffled was won by the teacher from West Northfield school, Dist. 31. Mr. George Allison won a nice chocolate cake for 5 cents; Mrs. J. Long also was a winner of a cake.

There will be a new flag pole in the Grove school yard pretty soon, bought by the P. T. A. They also bought many other things to be used in the school.

### EAST PRAIRIE SCHOOL

Antonia Salvano, Editor The perfect attendance for Room III for October: Victor Baptist, Gloria Caldwell, LeNor Fisher, John Losand, Henry Mair, Bern Wallston, Rhoda Abraham, Doris Hagan, Lottie Jaski and Bernice Johnson.

Howard Schneeman and Peter Nothdurft are sick and absent.

Rooms I and II are preparing for their Christmas entertainment.

Our Achievement program was indeed a great success. David McNamara took the leading part for Howard Schneeman and was very successful. Our movie after the play was very interesting. It was about the "Energy Crystals of Health." We had an exhibit of the sewing and woodwork of the boys and girls.

The girls have already planned what they are going to make, a sewing bee for their mothers for Christmas.

Mrs. Cole visited us Tuesday, Nov. 22.

### BOX ELDER SCHOOL

District 60, Elk Grove

Our school resembles a hive of busy bees. But why? The reason for such activity is simple; Christmas is close at hand. We are going to try our very best to arrange a big, interesting Christmas program. Therefore, in order to do so, and also keep our school work up to standard, we must keep busy every minute of the day.

The seventh and eighth grades drew some very interesting maps of the British Isles. These maps combined visualization with book knowledge; and therefore, made our study of the British Isles very alive and retainable.

The first grade will begin reading from books next week. They are far enough advanced at this stage in phonetic work and general foundation instruction to not be in danger of falling into the rut of bare memorizing.

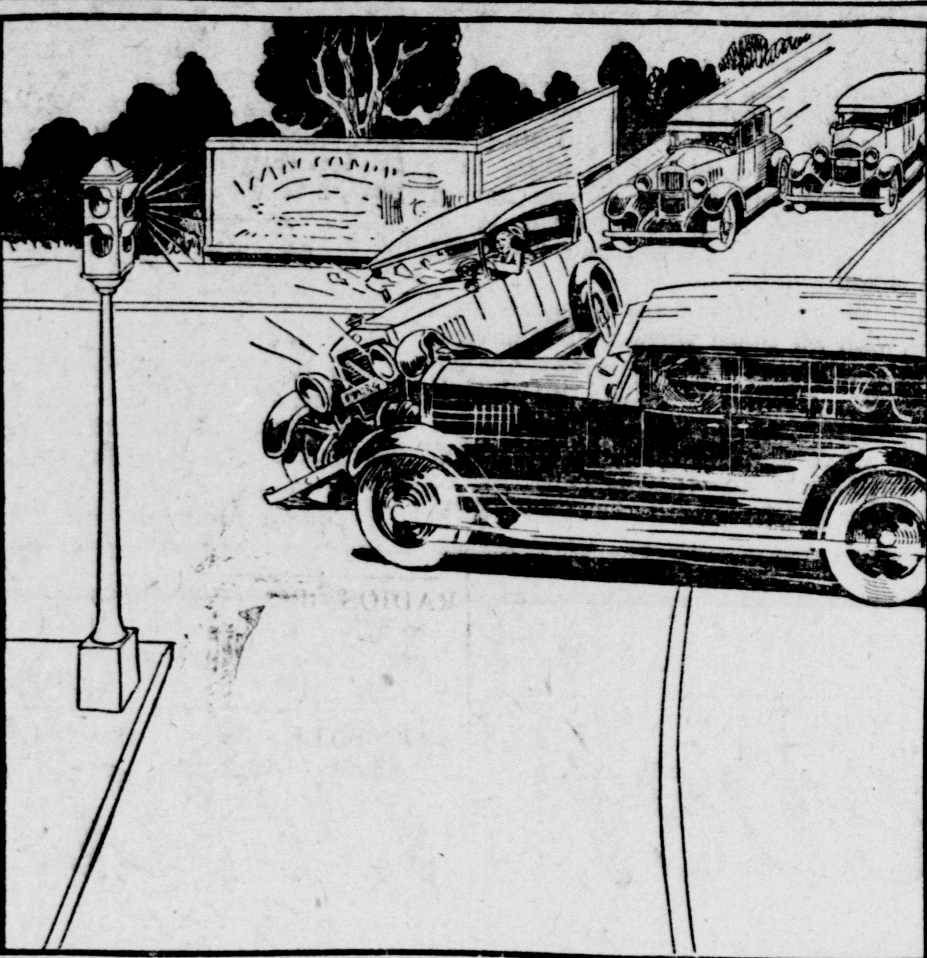

We had our achievement meeting Friday, Nov. 18, at our school. Many parents and friends attended.

The president of our club, Josephine Smith, gave a speech of welcome. The words of welcome were followed by our model achievement meeting. The dramatic part of our program consisted of recitations, songs and a dialogue.

The dialogue, "Cousin Imogene's Thanksgiving Dinner," was very well played.

Olga Wytrykus, 8th grade

## Don't Try To Beat The Red Light

Motor Vehicle Administrators of the United States, the men who know, will describe a series of traffic violations and driving errors responsible for a majority of automobile accidents and advise how they may be avoided. This is number seven of the series.

By E. RAYMOND CATO  
(Chief of the California Highway Patrol)

**DON'T TRY TO BEAT THE LIGHT!** Traffic signals are in operation for your protection. It is your duty and obligation to obey them. If you don't you may be responsible for a serious and even fatal accident.

Automobile collisions at intersections last year cost the lives of 8,590 persons, injured 480,300 others and were responsible for a total of 390,200 accidents, statistics of the National Bureau of Casualty and Surety Underwriters show.

Pedestrians are also frequent violators of intersection crossing rules, according to the records. Twenty-two per cent of all pedestrian accidental deaths, or 3,170, and 99,900 injuries were accounted for at intersections.

It is the driver who sees a favorable signal light some distance off, and then accelerates his speed in an attempt to pass the intersection before the signal changes, who is a dangerous driver. The speed of his car makes it difficult for him to stop if he reaches the intersection after the light changes. Then his chances for causing an accident are immeasurable.

The Modern Municipal Traffic Ordinance drafted by the National

# 'ROUND THE FARM

## Garget Increases Disease Losses in Milk Production

Urbana, Ill., Nov. 26.—Illinois' milk output last year was valued at more than \$88 million dollars, but diseases like garget, or mastitis, are one thing limiting the cash returns which dairymen might otherwise get from their markets, according to the division of animal pathology and hygiene at the College of Agriculture, University of Illinois.

Studies made by the division have shown, among other things, that a chronic, or mild, long standing, type of garget may exist in the herd without the dairymen recognizing it. Severe cases of garget may permanently destroy the function of the udder, while a majority of acutely affected animals never make a complete recovery.

The disease is an inflammation of the udder characterized by soreness, tenderness and reduced milk flow. The milk may contain clumps, strings of tissue, debris and pus. Animals suffering from the chronic form of the disease may spread the infection to healthy cows.

"The diagnosis of chronic garget, which may fail to attract the attention of the owner is, therefore, an important step in the suppression of the disease. Each cow in the herd can be tested, with the assistance of the local veterinarian, to determine the presence or absence of garget."

"Chronically infected animals should be eliminated, as no treatment for this disease has specific curative properties. In fact, garget in many cases is an incurable disease. Dairymen are warned against spending money for curative remedies for this and other incurable diseases."

"Steps can be taken, however, to prevent the disease. In herds where the plan recommended by the animal pathology division is being used, local veterinarians have detected affected animals and removed them from the herd, thus curtailing spread of the infection. These recommendations are based upon studies made by the division to determine the bacterial flora of gargety udders and methods of diagnosing mild cases of the disease."

## Loss of Five Herd Sires Puts Higher Value on Records

Urbana, Ill., Nov. 26.—Illinois farmers, who get more than 16 per cent of all their cash income from milk, can thank four Will county dairymen for proving the value of herd records in saving outstanding dairy sires. It is reported by J. G. Cash, assistant in dairy extension at the College of Agriculture, University of Illinois.

During the past year, records which these four dairymen obtained through continual testing in the Will County Dairy Herd Improvement association revealed that they had been using five sires which were such good transmitters of efficient production that the daughters excelled the dams. Unfortunately, the bulls all had gone to the butcher before their value as transmitters of efficient production was established.

A. H. Grunewald, Joliet, was the owner of two of the bulls, while the other three were owned by F. B. Sayers, Orland Park; Basil Bennett, Lemont, and Glenwood Manual Training School, Glenwood.

Fortunately, the benefits of dairy herd improvement association work did not stop with proving the value of the five sires which were unknowingly sacrificed to the butcher. Cash pointed out.

"Grunewald started testing in 1925 with a herd average of 241 pounds of butterfat a cow a year and \$87.90 a cow returns above feed cost. In 1932 he had built up his herd average to 349 pounds of butterfat a cow, with the result that his returns above feed cost averaged \$113 a cow."

Phone 757-R  
614 S. State Road  
Arlington Heights, Ill.  
VISITORS WELCOME

"Bennett started testing in 1927 with a 211-pound fat average and by 1932 had increased this to 289 pounds. This increase in efficiency offset the drop in prices so that his returns a cow were practically the same in 1932 as in 1927."

"Glenwood School and Sayers started testing in 1928. Glenwood's record for the first year showed a herd of 47 cows averaging 255 pounds of fat, while their 1932 record showed 32 cows averaging 331 pounds. In other words, they were getting as much milk from 32 cows as they formerly did from 47. Similarly, Sayers' herd in 1928 averaged 310 pounds of butterfat a cow, while in 1932 his average was 473 pounds."

## Soil Tests Would Help Alfalfa Pay Even More Profit

Urbana, Ill., Nov. 26.—Alfalfa, the most profitable hay crop that Illinois farmers grow, yields an average of only 2.3 tons an acre in this state, and many times the crop is a total failure. Honniger Brothers, Livingston county farmers, have shown how farmers can prevent these failures, improve their yields and thereby cash in on the crop to a greater extent. It is reported by C. M. Linsley, soils extension specialist of the College of Agriculture, University of Illinois.

The Livingston county dairymen made a success of alfalfa by testing the soil both for acidity and phosphorus and then treating it with the necessary amounts of limestone and phosphate. Although most farmers apply limestone before sowing alfalfa, they do not consider the need, for phosphate, Linsley pointed out.

Soil on the Honniger farm is typical of that on many farms in central and northern Illinois. A 20-acre field on this farm was seeded to alfalfa in the spring of 1929. There was a good stand, but it did not make a satisfactory growth. The new test for available phosphorus which was developed three years ago by the U. of I. agricultural experiment station was brought into service by the county farm adviser with the result that the field was found to need phosphate. Rock phosphate was applied late that fall to all the field excepting a two-rod strip along one side.

That the phosphate was needed was shown the next spring by the heavier growth and better color of the phosphated alfalfa. Last year the unphosphated strip showed a thin stand and poor color and yielded only about 1½ tons an acre. The phosphated part of the field, with a better color and heavier growth, produced more than 3 tons of alfalfa to the acre.

Across the road from the 20-acre field of alfalfa but on the same farm is a five-acre field of alfalfa which has not had an application of phosphate but which produces as good alfalfa as the phosphated. This field also is sweet and does not need limestone. There are many farms in central and northern Illinois with areas varying in size from a few acres to an entire field that naturally contain enough limestone and available phosphorus for the successful growing of alfalfa and other legumes such as sweet clover and red clover.

Systematic testing and mapping of farm land to locate such areas is one of the many services offered by farm advisers to farmers in the county.

## Theatre Notes

### Glamorous Crawford At Uptown Theatre

Joan Crawford, more alluring, more radiant than ever, comes to the Uptown theatre in her newest triumph "Rain." Miss Crawford, who has starred in many productions, and excelled in every one, admits herself that "Rain" is her greatest role to date. She worked long and conscientiously on the part until she was satisfied that her interpretation of the role was "letter perfect." People who have seen the picture agree her performance is the best thing she has ever done and places her in line for nomination to the Motion Picture Arts Academy award for 1933 for the best performance of the season.

### Norma Shearer At the Tivoli

Norma Shearer's newest success, "Smilin' Through," will be on the Tivoli screen Friday. "Smilin' Through" is real drama with an appealing story and a superb cast headed by Frederic March, Leslie Howard, O. P. Heggie and Beryl Mercer.

Charlie Agnew's ace orchestra will be on the stage, singing, playing, entertaining in the same inimitable fashion that has won him a country-wide reputation.

### Clara Bow At the McVickers

A new Clara Bow has returned to the screen, after an absence of more than a year, in "Call Her Savage" which is now showing at the McVickers theatre.

As the heroine of Tiffan Thayer's dramatic novel, a role which she herself selected, the famous red-head is said to portray a life nearly paralleling her own hectic career. It is the fight waged by a misunderstood girl to curb the conflict of desire which rages inside of her extraordinary intense heart.

### "Sherlock Holmes" At United Artists

What might happen to American racketeers when they invade London is revealed in "Sherlock Holmes," new mystery thriller now showing at the United Artists theatre.

Clive Brook has the title role and Ernest Torrence, enacting the role of "Moriarty," the master criminal. Holmes matches wits with "Moriarty" and the gangsters he has imported to remove the great detective from his path.

Miriam Jordan, beautiful English actress, Reginald Owen, Alan Mowbray, Monte Shaw, Arnold Lucy, Howard Leeds, Lucien Prival, Brandon Hurst and Stanley Fields complete an excellent cast.

### Ed Lowry Presents New Stars at Oriental

Friday, the Oriental theatre will present another great stage show—with Ed Lowry, who is rapidly becoming Chicago's favorite entertainer, introducing a new all-star program.

Ed Lowry will start his fourth smashing week at the Oriental, singing new songs and telling funny stories as only he can.

Lowry has had leading stars of the stage and screen as his guest stars the past three weeks and next week's show will be no exception. He will have with him Friday, more famous Hollywood celebrities and Broadway's most popular entertainers—plus the scintillating and spectacular dances by the 32 Ed Lowry beauties.

Raft is seen as a secret service agent who is sent out to get a clever band of racketeers. How he manages to capture this gang, with the aid of the beautiful Miss Carroll, provides for eighty of most dramatic and exciting minutes you've ever thrilled to on the screen.

### Maurice Chevalier in Person at Chicago

Here's the best news of the year! Maurice Chevalier, the world's most fascinating personality, is coming in person to the Chicago theatre Friday.

The screen's greatest entertainer, Maurice Chevalier—singing the songs you love—telling the stories you relish and smiling your blues away.

In acquiring Chevalier, the Chicago theatre scored a great victory as rivalry for his services was very keen among several major theatre companies. Chevalier picked the Chicago theatre because of the important position it occupies in the theatrical world.

On the screen Wallace Beery stars in a powerful story of crooked sports ring in "Flesh." He gives a performance that grips his audience. He moves them to laughter and to tears he amazes with the artistry by which he transforms himself into the character he portrays. As Heri Polik, German champion who tries to battle the American wrestling trust, he reaches new heights in an entirely different type of role.

## New England "Celery King," Makes Weather

"Everybody blames the weather but no one does anything about it," said Mark Twain. But Peter P. Volante, of Newton Center, Mass., has done something about it, and by controlling the weather and soil conditions on his truck garden has earned himself the title of "the Celery King" by raising two bumper crops of celery annually with a total of almost 2,000 bushel crates from each one of his 45 acres.

An elaborate system of drainage and overhead irrigation and a careful program of soil management with the use of adequate fertilizers enable Mr. Volante to disregard the wetness or the dryness of the season, and continue to raise maximum crops year after year from the same land. His record yields are made by obtaining two crops annually. This year he reports a yield of 800 bushel crates of early celery to the acre in a letter to an agronomist of The American Agricultural Chemical Company, from which he buys his specially prepared fertilizer, "Agrico for Truck." Expectations are that his second crop will average from 1,000 to 1,200 bushels, bringing him up to his high mark for previous years.

Seven tons of fertilizer applied every year to each acre hastens the maturity of his crop so that two plantings can be made annually. Careful inspection and fancy packing ensure Mr. Volante a premium on the produce market, and the uniformity and high quality of his produce have made his name and brand well known throughout New England.

## Promise Boys Rare Thrills

AMERICAN BOY — YOUTH'S COMPANION readers are due for a rare adventure thrill in 1933, as the magazine just received from America's favorite boy's magazine. Boys will welcome the news that a modern Robinson Crusoe story, in which two boys and a man battle with savages and build a civilization with their bare hands, is on the way!

In this story the three heroes escape into the depths of the Amazon jungles; there they are stripped and left to die by hostile natives and then, from the natural abundance of the jungle, they build their fortress. From advance notices, it's a story readers will never forget!

Other good things, we learn, are on the way in THE AMERICAN BOY-YOUTH'S COMPANION for 1933. Adventures in all parts of the world; stories of school and college; helpful stories of the professions; sports interviews with famous coaches and players; vivid articles on travel and science.

We suggest THE AMERICAN BOY-YOUTH'S COMPANION as an ideal present for that son, nephew, cousin, and neighbor. It's a character-building, imagination-stirring present that renews itself every month in the year. An attractive gift card bearing your name will be sent to the boy if you request it. Subscription prices are only \$2.00 for one year or \$3.00 for three years. At the latter rate the magazine costs only a dollar a year. Mail your order direct to THE AMERICAN BOY-YOUTH'S COMPANION, 550 W. Lafayette Blvd., Detroit, Mich. Service on your subscription will start with the issue you specify.

Learning to Enjoy  
Young folks don't really have fun. It takes experience and thinking to have fun, and young folks are pretty short on both.—American Magazine.

## FOR SALE

DOCTOR'S HOME in Palatine, Illinois.

2 splendidly landscaped lots, 60x125 each, with perennials, flowers and fruit trees.

A two-story, 10-room frame house, with full basement and attic, giving 4 elevations. New tubular boiler for hot water heat in basement.

Most of the rooms are canvassed and stipepled, with beautiful oak floors.

Second floor is so complete in itself that it can be rented as a separate apartment.

A large, open air sleeping porch on the second floor is invaluable for summer and to regain health.

There is a large, two car garage with overhead doors and containing its own heating plant.

Year ago, \$18,000; now to be had for \$12,000, as owner must sell. \$8,000 first mortgage, three years to go. Will take \$1,500 on equity, balance on easiest terms.

One of the finest homes in this suburb.

Write Dr. J. H. Renner, 1906 State Street, Santa Barbara, California.

### PALATINE

Due to the illness of Mr. Wittkoup, of the Christian Day School, pupils of his room had a vacation Monday.

Lorraine Stoeckel is on the sick list this week.

The ladies' aid of the St. Paul's church went to Bensenville Wednesday to assist with the mending at the orphan home.

Mrs. G. C. Butler is spending several days with her daughter at Milwaukee.

Dr. Starck reports a light influenza epidemic amongst small children.

Word was received in Palatine this week that the grandmother of Vernon and Fred Drewes had died at her home in Fairmount, Minn.

Mr. and Mrs. Elmer Welter are entertaining Chicago relatives Sunday.

Mr. and Mrs. Geo. J. Wilson spent the week-end at the home of their daughter in Bloomington.

A telegram received in Palatine last week stated that Miss Ella Comfort, who is visiting in California, was taken to Chula Vista hospital for an emergency operation. Miss Comfort was able to write home Sunday so she is doing very nicely.

Wm. Lohse, Jr., and Sr., are both under medical care.

Mr. Miller residing on Algonquin road died Monday. The funeral will be held Friday.

A son arrived last Wednesday at the Ernest Hagenow home.

The annual Brotherhood supper of St. Paul's church will be held Dec. 15. Tickets are now being sold by members.

Neil Gillespie is the new clerk at the depot, taking the place of Henry Heide, who had been there many years.

Little Tommie Zelsdorf has been sick the past week.

One case of scarlet fever is reported in Wheeling. Nicholas, son of John P. Bugner, is being treated by a Palatine physician.

H. L. Bockelman & Son, are making a big bid for the Christmas toy business this year and have a large assortment on display. The toys are unusual and if the small boys tell their dads and mothers about it, there are certain to be many happy kiddies on Christmas morning.

Members of the Eastern Star, who attended the regular meeting last Friday evening, were given a real treat in the form of a School Days sketch in which a number of the members, including some of the men folks returned to their school days and presented original sketches of how they did not act when they went to the country school. It was a scream from the start to the finish.

Mrs. Horstman is under a physician's care.

The Brotherhood of St. Paul's Evang. church, Rev. J. C. Voeks, pastor, will serve the annual supper Thursday evening, Dec. 15. All members and friends are cordially invited.

Pupils of the first four grades of their thankfulness by bringing a large amount of canned goods to the school, which was taken to the municipal building for distribution to local families.

Mr. John Linnemann and Mrs. Lena Salge were united in marriage by Rev. Daniel Poellot in the Lutheran parsonage Nov. 26.

Jeanette Joy, daughter of Mr. and Mrs. Charles Gaare, was baptized in her parents' home Nov. 26 by Rev. Daniel Poellot.

Mr. Wm. Steffin and family moved to Arlington Heights Wednesday.

Miss Betty Starck and Arthur Wildhagen, spent the Thanksgiving vacations at home and returned to Champaign Monday to resume their studies in their senior classes.

The sophomore class of the high school held a skating party at Deer Grove Monday evening.

Mrs. Manchester and children, Winifred and Howard, of Racine, Wis., spent the week-end at the Louis Miller home.

Mr. and Mrs. Geo. Matthei visited Mrs. Grace Murray in Chicago Sunday.

The Walther League held a roller skating party at Meyer's Park Thanksgiving evening.

The Rebekah Circle will hold an apron and bakery sale in the Odd Fellows building Saturday, Dec. 3. Refreshments will be served.

Mrs. Rose Ost is moving into the Carlson house.

Mr. and Mrs. Arthur Mess entertained Miss Eleanor Anderson and Dr. Spigel of Chicago, Thanksgiving.

The John Wentz family visited at the E. J. Meyer home in Chicago, Sunday.

George Mess and Darrell Perry are serving on jury this week.

Mr. and Mrs. A. C. Campbell of Milwaukee, Wis., were guests Thanksgiving at the N. L. Thompson home.

The Eich, Les Frye, Stemple, Buenzow, Roder and Shilback families, were guests of Mrs. Anna Frye Wednesday.

Mrs. W. C. Fiedler won the quilt that was raffled Nov. 20, at Mrs. Martin Fienes.

Miss Edna Mair entertained Miss Rose Bellon of Norwood Park Tuesday evening.

The next evening meeting of the American Legion Post 690, is Welfare Night, to be held Thursday, Dec. 8. Each member is asked to bring something in the way of non-perishable food, to be used in welfare work and Christmas baskets for the ex-service men and their families, who are less fortunate than we. Let everybody come out and make this a good showing.

All St. Paul's Ladies' Aid members are asked kindly to bring a donation for the Bensenville orphanage Christmas baskets to the next meeting, Thursday, Dec. 8, even if it is only a glass of jelly or quart of canned goods; also clothing will be accepted.

Mr. and Mrs. W. R. Comfort entertained Mrs. Roth of Chicago and Mrs. H. M. Cropper and children at his home, Thanksgiving.

Mrs. Emma Magers of Arlington Heights, is a patient at Community hospital for a stroke of apoplexy.

Mr. and Mrs. Siggelkow of Oak Park were guests at the E. P. Steinbrink home, Sunday.

August Popp has recovered from his recent illness.

Don't forget the food and apron sale given in the store of the Odd Fellow building, Saturday, by the Wide Awake Circle of the Rebekah Lodge. Sale begins at two o'clock.

Mrs. Charles Wentz will entertain the "500" club at her home Friday afternoon.

Mr. I. Blum was pleasantly surprised Thanksgiving when his sisters, Mrs. Schiffman and Mrs. Handelman of South Chicago; also Mr. and Mrs. Solomon and two children came to help him celebrate his birthday.

Mr. and Mrs. George Moulton and son, Robert, spent the week-end at Ottawa with relatives.

Mr. and Mrs. Albert Goetz entertained Mrs. Goetz's sister from Chicago over the holidays.

Mrs. Fred Buenzow was pleasantly surprised by relatives and friends Friday afternoon and evening. They came to celebrate her birthday.

Mrs. Miller is under medical care.

Mr. and Mrs. George Meyer visited John Spicer at the Edward Hines hospital Sunday. Mr. Spicer was a neighbor when Mr. and Mrs. Meyer lived at Washburn.

Mr. and Mrs. Elmer Buenzow and family were dinner guests at Mr. Buenzow's parents in Chicago Thanksgiving Day.

Henry Schweitzer of Bensenville sustained a severe mutilating injury of the right hand as a result of getting caught in the husking rollers of a corn shredder. He was rushed to Community hospital and under the care of Dr. Starck it appears that he will have a fairly serviceable hand.

Born, a son to Mr. and Mrs. Gustav Hasemann of Long Grove, Ill., Nov. 20, 1932, at Community hospital. All doing well.

Mr. A. Collignon, Sr., is under medical care.

The little daughter of Mr. and Mrs. Ralph Hildebrandt has been very sick the past week, but much improved at present.

Arthur Sigfort of Des Plaines, was operated upon for acute appendicitis by Dr. Starck at Community hospital the past week.

Mrs. L. Hinrichs is under medical care.

## Do You Know the New Basketball Rules

JOHN L. GROSE

This question will be asked by hundreds of fans in the coming winter months. The sad part of it is that there will be several types of rules by which various teams will play. All colleges have adopted the new rules in their entirety; the high schools of Wisconsin voted them out entirely. Indiana high schools voted with the colleges. But the Illinois High Schools worked out a compromise. And the chances are that the "Independent teams" will probably agree, just before they go on the floor, as to whether they will abide by the old rules or use the new.

Two new rules have been written into the book for this coming season, which have caused all this discussion. In order to do away with the stalling game that has been so prevalent of recent years, the rules state that a line shall be drawn across the floor at the center and parallel to the end lines. A team, after gaining possession of the ball in the back court, must advance the ball past this line within ten seconds and may not pass the ball into the back court again. If they gain possession of the ball in the forecourt, they may pass it into the back court once, and then they have ten seconds within which they must again pass it into the forecourt. The penalty is that they must give up possession of the ball, which is given by the referee to their opponents out of bounds.

### Illinois H. S. Compromise

The Illinois schools voted to accept this rule under the following conditions. On all floors over 84 feet in length the center line rule shall prevail. On all floors under 84 feet in length, 2 lines shall be drawn; one 42 feet from one end of the floor. This space so marked is to constitute the fore court for one team and the other line 42 feet from the opposite end of the floor, and this space is to be the fore court of the other team. This guarantees all teams at least 42 feet of space within which to set up their plays, no matter whether at home or away.

The other rule is the so-called "three second rule" which was voted out entirely by the Illinois High Schools.

This rule states that a man standing in his own free throw line, with his back to the basket, must get rid of the ball within three seconds. The penalty is loss of the ball to the opponents out of bounds.

There are some minor details governing these rules, but for the main part these are the main changes for this year. It is hoped that all fans will have a knowledge of these rule changes and cooperate with officials and teams in enforcing them, and not be too prone to criticize when a team is forced to give up the ball.

Rules are made by a sincere group of men with the welfare of the game at heart. These men are qualified for this position by years of experience at the game as players, coaches, or officials.

We firmly believe that coaches, players, officials and fans owe a moral obligation to their game, to be sympathetic toward legislative measures made to keep it safe and sound for all competitors.

NEW 1933 BUICK

PRODUCT OF GENERAL MOTORS

## Wm. Busse & Son, Inc.

134-136 N. Park Ave. Park Ridge, Ill.

Mr. and Mrs. George Meyer visited John Spicer at the Edward Hines hospital Sunday. Mr. Spicer was a neighbor when Mr. and Mrs. Meyer lived at Washburn.

Mr. and Mrs. Elmer Buenzow and family were dinner guests at Mr. Buenzow's parents in Chicago Thanksgiving Day.

Henry Schweitzer of Bensenville sustained a severe mutilating injury of the right hand as a result of getting caught in the husking rollers of a corn shredder. He was rushed to Community hospital and under the care of Dr. Starck it appears that he will have a fairly serviceable hand.

Born, a son to Mr. and Mrs. Gustav Hasemann of Long Grove, Ill., Nov. 20, 1932, at Community hospital. All doing well.

Mr. A. Collignon, Sr., is under medical care.

The little daughter of Mr. and Mrs. Ralph Hildebrandt has been very sick the past week, but much improved at present.

Arthur Sigfort of Des Plaines, was operated upon for acute appendicitis by Dr. Starck at Community hospital the past week.

Mrs. L. Hinrichs is under medical care.
